Customer Reviews

I read this after reading everything else Mr Dennison has written. Good stories, just too short. Would love to see full series of silver lake.Well done

I am already into your McCabe series. I love westerns and the early life of america and americans,

native or otherwise. Thank you Brad Dennison for your fantastic story telling abilities. KEEP them coming, be it short stories or series. I am anxiously awaiting the next McCabe adventure. Lanonne Jones

This is a wonderful collection of short stories. Mr. Dennison is a gifted author who crafts words into stories with great character development, and believable plots that left me wishing that each of them was a full-length novel. As I've stated before in another review of Brad's work, I'm not a true fan of the western genre, but his stories are so well-crafted that it makes me ignore my personal preferences. I would recommend this collection and anything written by this author. Very well done, Brad. Kudos!

Pretty good stuff for a beginning author. Well written and characterized. Obviously the beginning offerings of an up and coming author.

stories of the "real old west" and everyone of them is filled with a great beginning and ending. I am impressed with Mr. Dennison's writing abilities and have read all of the current McCabe stories, which are above the average stories of our old western escapades. Too, I have, on occasion, compared this author to the great C. J. Box and his Joe Pickett series. Do not miss this compilation of short stories, as it will be a terrible mistake.

This man was destined to be a writer even his early stories have the sounds of a soon to be great. Enjoy

I've never really read much in the way of Westerns, I'm usually more of a Horror/Fantasy/Science Fiction reader. Early Trails was a great introduction for me to the genre, I really enjoyed the stories, and they kept my attention. In particular I really liked the Shining Eyes stories, and would love to read more with those characters.

The stories keep your interest from beginning to end. Some of the stories are well worth full length novel status. Four Stars no less.
