Virginia Creeper Trail Companion The: Nature And History Along Southwest Virginia's National Recreation Trail

Synopsis

The 34-mile-long Virginia Creeper Trailer, which runs from Abingdon, Virginia, to the North Carolina line near Whitetop Mountain, is the most popular trail in Virginia. Each year the trail is visited by more than 25,000 bicyclers, hikers, horseback riders, fishermen, bird-watchers, railroad buffs, and folks just out for a Sunday stroll. The trail offers a convenient and scenic getaway from the stresses of modern life. This guidebook will enable the user to understand the trail's origin as an important railroad and the natural world encountered along this scenic route. With photos, old train schedules, detailed maps, and es-says on geology, trees, wildflowers, fish, birds, and mammals, the companion will enhance the trail experience for anyone who travels this route.

I've wanted to ride this trail for a long time and after reading this book , I am even MORE determined to do so , soon! Very informative and detailed read....

The "Virginia Creeper" train passed my house in Damascus, VA when I was a boy. Although the

train is gone, it is amazing to see the interest and passion of the current generation for the trail created by the old roadbed.
