# Win First, Celebrate Second

## Synopsis

Before you start to celebrate, remember that you need to win first. Winning is an important part of life whether it is in sports, business, school, or personal success. This book speaks about why winning is important in life. A lot of us have celebrated too early and did not commit to winning before celebrating a victory. There are many different distractions in life. There are many things that will take you off track of what it is in life that you want to accomplish. Many of us can relate to the events and stories that are written within this book. Everyone goes through challenges. Everyone has something that they want to accomplish. Remembering to not celebrate your final victories too early and to continue to concentrate on why you have started your way in Victory Lane, will help you to reach the success that you have set out for yourself. Win First, Celebrate Second. It will change that way that you look at things. Hopefully, it will get you to the place that you want to be.

## Customer Reviews

Mr. Charles R. Davis, Jr. is a proud father and husband who grew up in a small city that has helped to lay down the foundations in his life. Mr. Davis is a MBA graduate who has strong diverse background in finance, business management, and healthcare. Growing up and coming from a large family, and being one of six children, has taught him how to relate to others and how to resolve issues. He is fortunate enough to have parents, grandparents, and relatives who have dedicated themselves to helping others and serving in their communities. Over his life, Mr. Davis has had some incredible experiences that have helped him to grow into the person that he is today. Knowing that everyone will experience setbacks and challenges, but one has to know that storms

never last. This has helped him with his accomplishments as they have all been humbling experiences. And faith in God has kept his mind level and focused. Mr. Davis dedication has been to improve himself and to help others to improve themselves. His belief is in learning and growing. He has a number of friends and family members with various backgrounds and talents. Being around his inner circle of leaders, has helped him to increase his talents in life. Self-improvement is motivating to him and he hopes that this book helps to motivate others to increase the champion within.

I think everyone needs to read a book like this one. Very motivating and straight to the heart! The author doesn't try to comfort you but he tells you just like it is and gets right to the point! If you want to succeed in life I give you a great line in this book...It all starts with an idea! When I need a little motivation in life I think I will refer to this book to give me that boost of confidence I need to win! Great book Charles! Thank you!

A great motivational and inspiring book! Love the section on how to get off of Pity Lane!

Very motivating and inspiring!

This book is a very straight forward account on how to win first- maximize your ability to accomplish goals- this is the book to read from when you are achieving your goals to when you are not feeling so good about yourself. I advise anyone who is feeling discouraged in life to read this book and you will really feel encourage to go out there and complete the goals that you had but were afraid to accomplish.
