Not at all what I expected. In a good way! I thought this series would be the "bad one" (finally!) in the Kurtherian universe, trying to stick some mediocre fantasy on the edges of a well-built SF world. Nope! Kick-ass characters, a very well thought out backstory that ties in perfectly, a plot with plenty of twists and foreshadowing of things to come (wanna bet the bad guy is building a nuke?) and some EXCELLENT writing. Plus it has dragons! (Or at least one.) The "magic" even makes sense in the technological way. And Hannah... Bethany Anne's attitude in a young smartass who is ABOUT to be a seriously powerful magician. Whoa! Somehow I've gone from "eh, another spinoff..." to "WHEN IS THE NEXT ONE COMING OUT????"

This is the beginning of the next arc in The Kurtherian Gambit, an arc about everyone having the ability for wielding magic. I hope they make a wonderful world. Can't wait to see what's next.

This was a great read. The lead characters are fun to follow. You can understand why they do or say stuff. They really brought the story to life, and I can never get enough of this series

An exciting new chapter in the Kurtherian Gambit universe! Well written and engaging! Brilliant characters, and a knockdown fight against oppression taken to a new level.

Being a huge fan of the TKG universe I stepped into this series expecting greatness. You all have blown my mind. Just as a stand alone away from the rest of the universe I can't wait to open the next book in the series. The characters you have developed and the way the story is progressing leaves me longing for more. Keep up the outstanding work!!! BTW your series is the 1st one (Yes even Yoda's) that I've written a review on the 1st book.

The KG universe just keeps growing with amazingly good writers! Mostly this book is a fantasy type, but with lots of hints that happened in previous KG books. Highly recommend this book and it's series for those fans of BA. If you haven't read any KG books this book stands alone quite well.

If you like the Kurtherian gambit series you will like this book. The characters are great and the story is too. You will not regret the purchase.

Very well written, I was into it from the first page, I am definitely hooked, now get cracking and give me more!! Loved it. :)
