Kate Moss By Mario Testino

Synopsis

Fashion's dynamic duo: Mario Testino's tribute to his greatest muse. Mario Testino is recognized as the ultimate fashion photographer of his generation but his pictures of Kate Moss transcend fashion. The result of two decades of extraordinary friendship, and phenomenal glamour, this iconic collaboration is an intimate insight into the lives and minds of two of the world's definitive style leaders. Follow the journey of one of fashion's most extraordinary friendships, from early days backstage at the shows to behind-the-scenes glimpses of the ground-breaking editorials they continue to produce for the world's most respected magazines. Many photographs have been chosen from Testino's private archive and are published here for the first time. This book is Mario's personal homage to his greatest muse: a young girl who captured his heart and eye with her beauty, humor and spirit, and whose image in his photographs has captured imaginations the world over. Contents include: Foreword by Mario Testino Exclusive essay by Kate Moss Over 100 images in black-and-white and color, including many previously unseen private photographs Text in English, French, German, and Spanish

Peruvian-born Mario Testino travels extensively shooting for Vanity Fair, American, British, and French Vogue. Other clients include Burberry, Versace and Dolce & Gabbana. His solo exhibitions have shown in museums and galleries worldwide, including the National Portrait Gallery, London,

and the Museum of Fine Arts, Boston.

This book is beautiful. It arrived in a red cellophane wrapper. Not as fancy as the hardcover's red box, but special just the same. The pictures of Kate are beautiful and I loved seeing the shots of Lila. I did feel a bit voyeuristic about these personal photos being included, but Kate had to give her permission. At least they aren't paparazzi shots of Kate picking up her daughter from school. The book itself is huge, measuring about 11.5 in x 15.5 in and very heavy. The paper is thick and textured, so no fingerprints get left behind on the pages. The index shows all the pictures again, and smaller, and includes where and when the photos were taken - very nice. The photos aren't in any chronological order and you can tell the 1995-1997 photos easily, but after that it does get hard to place the timeframe, which is what makes Kate so amazing. If you are a fan of Kate Moss then buy this book. It's full of skin and nipples and Kate-face.

Great book.

great book if you like moss and testino

Great shots, but I felt a little voyeuristic paging through this book. I might give it to my hair stylist for her salon...just seems more suitable for sharing, rather than being the weirdo with a book of Kate Moss photos.

With an amateur eye, i believe this book is more about Kate and Mario's history than about great photographs. The comments, the history, the evolution of Kate saw through Testino's eye is simply wonderful, and insider with great eye. I recommend this book if you are interested in fashion, lifestyle, celebrities, and Kate Moss or Mario Testino. I don't recommend this book is you are looking for great photographs, even though some are fabulous.

Two of my favorite people in one book. Beautifully designed!

Large book. The cover is actually metallic silver not black which I loved. The photos of Kate Moss are beautiful and all interesting. I recommend this for those who want a nice coffee table book on fashion. There isn't any writing in the book just photographs. Get it if you love to collect fashion books like me.
