Missing: When The Son Sets: The Jaryd Atadero Story

Synopsis

Discover the bombshell cold case that rocked the state of Colorado for five years and changed the way many viewed their world forever. On October 2nd, 1999, 3 year-old Jaryd Atadero vanished on a group hike in the Comanche Peak Wilderness. As hours turned into days, and days into months, Jaryd's father Allyn goes through hell and high water to combat nightmarish circumstances hindering the search, threatening the very core of his existence • circumstances which would bring most ordinary people to the breaking point and beyond. Sound like fiction? It isn't. And it's only the very tip of the iceberg. But underlying the tragedy is an insurmountable hope that can only come from above, and a sustaining love that redefines what it means to be a follower of Christ in the throes of losing the most precious thing on earth to a parent.

“Missing: When the Son Sets” lets you step into the heart and soul of Allyn and his family as they struggle to come to grips with a mystery that remains unsolved to this day . . . Including the real police reports and letters from those involved in the search. You get an unfiltered look at how emotionally exhausting it is to lose a child. How did Jaryd vanish? Who (or what) took him? The book will leave you with more questions than answers, but with a heightened sense of the reality we live in. This is the most emotionally challenging book I have ever read. There were parts that left me feeling drained, and others that left me downright angry. If I had been in Allyn's shoes when he had to confront some of the situations he was faced with, I'd still be on probation.

Do yourself a favor and pick up this book. Despite the tragic nature of the story, the grating frustrations faced by the Atadero family and those who fought for them, there is a strong inspirational foundation that will leave you strengthened in the end. Zebulon Rogers

Customer Reviews

Allyn currently teaches in Littleton, Colorado and was selected as Colorado's Middle School School Physical Education Teacher of the year, 2015. Allyn is a graduate of California State University, Fullerton, and has a master's degree in education. Arlyn is currently retired and was the assistant superintendent of the McCabe School District in El Centro, California. Arlyn is a graduate of Arizona State University and has a master's degree in education.

Jaryd's story breaks my heart. I cannot fathom the pain of losing a child, especially under the circumstances. I know in this life Allyn may never know the truth about what really happened on that mountain, but my prayer is that the faith that he has in God will sustain him until one day he will be face to face with his precious son and his Savior and be healed from the agonizing pain of not only losing his precious child, but not knowing what really happened. The book was very well written. I particularly liked that headers or titles were placed whenever the reader was leaving the author's narrative to express the opinions and reports by others. That addition helped me to keep the facts straight.

I don't know why I hadn't known about this little boy and his disappearance until a couple days ago and found the book telling the events of what happened and the unanswered questions. I felt the father's pain and cried with him as he told the story. I would never want to know the depths of that pain. Where his remains were found is unexplainable and I can't draw a conclusion or a guess. The father's perseverance and his love for his son will save lives. Politics should never be a part of attempting to find the missing. Would Jaryd have been found the first day if there wasn't a power struggle? No one will ever know. If Jaryd were my son I'd have opened the gates of hell and brought down the Angels from heaven to find him just as his father did. The father kept himself as composed as he could because I'm sure had he proceeded with rage the help he needed would have left. There truly isn't any "closure" and time heals nothing. The fortunate ones learn a new way to live with the pain of losing their child a gift from God. The loss of Jaryd "Americas Child" is heart breaking and upon learning his story I will remember him always. Open heart to all, Mary

"Missing When The Son Sets" is a five star book. I have read it four

times now. What did happen to little three year old Jaryd Atadero? His story is told by his father Allyn Atadero and he leads you through the mysterious disappearance of Jayrd and you feel all the frustrations, fear and pain this father has felt and is still feeling. By the time you finish this book you will feel like you personally know this family. I first learned about Jaryd's disappearance through the Missing 411 books by author David Paulides, and became so intrigued by the mystery that I was excited to see that "Missing When the Son Sets" was available on my Kindle. This one is a must read!

Collins

This book is very well written. It was written in a way that the reader feels like they are actually part of the search and emotions that are felt. Thumbs up to this dad. Bless you and thank you for sharing your journey.

Very well written, you can feel this fathers tremendous pain. My heart broke for him with each page. I have no idea what happened to this poor little boy but I think it is clear a mountain lion was not what got him. Bless this family I hope one day they will have answers.

Heartbreaking read, you can almost feel this father bleeding onto the page...leaves you frustrated by your inability to help. Such a sad and unfortunate event.

I liked it. I don't think I would let it go because you really don't know what happened to the boy, well actually how he died.

Best book. Sad story. Every must read this true story
