# The Husband Project: 21 Days Of Loving Your Man--on Purpose And With A Plan

## Synopsis

Keeping a marriage healthy is all about the details—the daily actions and interactions in which husbands and wives lift each other up and offer support, encouragement, and love. In *The Husband Project* women will discover fun and creative ways to bring back that lovin'™ feeling and remind their husbands—and themselves—why they married in the first place. Using the sense of humor that draws thousands of women a year to hear her speak, Kathi Lipp shows wives through simple daily action plans how they can bring the fun back into their relationship even amidst their busy schedules. *The Husband Project* is an indispensable resource for the wife who desires to discover the unique plan God has for her marriage and her role as a wife. Create a plan to love her husband — a plan that will support and encourage other wives who want to make their marriage a priority. Experience release from the guilt of "not being enough." *The Husband Project* is for every woman who desires to bring more joy into her marriage but just needs a little help setting a plan into action.

## Customer Reviews

"I love this book! This message is life-changing and will transform the way you look at your marriage—and your man. When we look for and encourage the best in people, we tend to find it. I will be recommending this book to everyone." —Shaunti Feldhahn, author of *For Women Only*

"Wow! I can't think of anything more powerful a woman can do for her marriage than *The Husband Project*. There will be thousands of smiling men as a result of this great book. I highly

recommend it for every woman. Shhh! It's a secret, but I've already started on The Husband Project to bless my man!

• Pam Farrel, author of the best-selling *Men Are Like Waffles and Women Are Like Spaghetti* and *Red Hot Monogamy* couldn't put the book down. With great insight into the heart, desires, and needs of men, Kathi Lipp has put together a can't miss guide to a better marriage. It has wit (I'm still laughing at the "Worship Macarena") and wisdom. My favorite projects are 2, 14, and 20—oh, and all the bonus projects (hey, I'm a guy). Now I'm going to put everything about this book out of my mind so when my wife gets it, I'm surprised (but hopefully not clueless).

• Steve Jordahl, producer, *Family News in Focus*, *Focus on the Family* "Have a sizzling affair with your spouse! The Husband Project brims with the kind of secret and surprising advice that'll help you become the wife he desires. A fun, innovative, and practical book."

• Mary E. DeMuth, wife of one, mother of three, author of *Ordinary Mom*, *Extraordinary God* and *Authentic Parenting in a Postmodern Culture* "Although The Husband Project is camouflaged as an adorably written and delightfully funny book, in reality it's a powerful tool to help facilitate a more solid and fulfilling marriage. Kathi Lipp's engaging writing presents her many suggestions in a plausible and exciting way. Chock-full of fresh ideas and practical insights, this book is inspiring and entertaining—and the 21-day plan is easy to follow. The principles found in The Husband Project are sure to infuse your marriage with renewed passion and reawakened love."

• Paula Friedrichsen, speaker and author of *The Man You Always Wanted Is the One You Already Have* "What little girl hasn't dreamed of Prince Charming? Of her wedding day? What happens beyond happily ever after is Kathi Lipp's territory. If your romance has turned into a nightly sitcom, this author has some fun ways to put the courtship back into your marriage, not to mention bonding time with your girlfriends. An excellent resource for all things relationship and getting the most out of a joyous journey alongside your husband."

• Kristin Billerbeck, author of *What a Girl Wants* and *The Trophy Wives Club* "I love Kathi's new book, The Husband Project. I know that it will be very effective in helping women honor and respect their husbands, as Scripture commands. Thanks, Kathi, for this awesome resource!"

• Cheryl Johnson, Minister of Women, Northside Christian Church "A simple word can renew hope (Rabey), then this fun and friendly book can help you renew your marriage. It's like a kick in the pants from a wise and wonderful best friend, and Lord knows we all need that from time to time!"

• Susy Flory, author of *So Long Status Quo*

Kathi Lipp is a busy conference and retreat speaker, currently speaking each year to thousands of women throughout the United States. She is the author of *The Husband Project* and *The Marriage*

Project and has had articles published in several magazines, including Today's Christian Woman and Discipleship Journal. Kathi and her husband, Roger, live in California and are the parents of four teenagers and young adults.

I bought this book at the suggestion of my therapist. The author is insightful and entertaining to read, she does write from a Christian perspective and the book quotes scripture periodically, which I thought was fine. She's not heavy handed or in your face about religion. Some of the projects were easy and others were really challenging. I did have fun doing it and my DH told my therapist that I was being awesome towards him. (Haha! Rewards for my efforts were forthcoming by my DH back to me. ) it's definitely one to break out and repeat, just as a reminder that we all need a little extra lovin' sometimes.

we are doing this with out MOPs group right now. such a great book to bring the focus back on the love I have for my husband. we have gotten into a parenting/kid focused rut and I was looking for a way to focus on US again. This is helping do just that. I love that it has all the projects spelled out and are easy to follow. I also like the creativity it inspires. It has been fun to come up with ways to shower my husband with love and attention these past few weeks.

This is a great "instruction" book - it's not a book you read cover to cover, it gives directions in the beginning for how to do the "Husband Project" and the rest of the book is like a journal or workbook to plan and write about it. I did appreciate the book - I did most of the projects - great ideas, a good book for any marriage.

I did this secretly as an anniversary gift for my hubby, he loved it! and yet he never knew i read the book;) Took him a few days till he changed his daily routine to send more blessings my way as well. This is a great way for us women, mothers and newly weds to really become intune to our partners and step out of our selfish and busy lives to love the way we are supposed to love.

Loved the projects that this book encouraged me to do for my husband! It was such a great 3-weeks of intentionality and pursuit. Definitely incorporating what I've done with this book in my day-to-day life. Really helped cultivate a serving with gladness heart! So thankful for this book

I love this book!! It's definitely a book you can read over and over again and come up with so many

different ideas and projects. Real way to bring so encouragement and excitement into your marriage. While doing good things for your husband!!

Interesting reading...Good ideas.

Good advice.
