Montague Island Mysteries And Other Logic Puzzles

Synopsis

Solve logic puzzles AND play sleuth at the same time! This thoroughly unique bookâwritten by the former editor of Games magazineâoffers the immersive pleasure of a novel as it follows a group of friends who meet regularly to play murder-mystery games at the island home of a wealthy couple. As you go about completing the puzzles, youâll learn more about the guests, the house, and the island . . . and uncover a secret about the mansion itself. Maps of the island throughout enhance the atmosphere and draw solvers deeper into the story.

R. Wayne Schmittberger was the editor of Games magazine for many years and is the author of several books, including *New Rules for Classic Games* and *The Original Trivia Treasury* (both Wiley). He lives in Holland, PA.

Love this game book! It's like a single person logic puzzle based puzzle hunt. I don't know if it is actually making me smarter, but it is extremely satisfying entertainment. Book is large and has high quality paper stock, which gives you a nice workspace to write - and erase - your notes when solving the puzzles.

Enjoyed this book. Many different types of logic problems all tied around one story.

I loved Games magazine as a kid and was happy to see this book of logic puzzles from a former

editor. The narrative framework is a nice touch that makes the variety of puzzles even more fun. Hope to see more like this!!

My husband and I will be doing this together. We have some things like this together in the past, but we are especially excited about this one by just flipping through it. We are "that couple" that show up 45 minutes before pick up at our daughter's school and we do puzzles together in the car. So this will be very fun!

I bought for one of my students. He is enjoying it. The mysteries are a real challenge.

This was a gift for a game and puzzle loving friend. She loves it.

I recommend this book to keep you thinking. Enjoyable!

I hope they make more!
