Wow! What a perfect name for this book - when I ended it--I felt like I had had a glass of wine and a

great dinner by the water with good friends. What could be better? This book has ALL different types of beach houses to suit every taste. (which makes sense - not everything is going to appeal to all types. Potato, pototo.) I would say four or five of them had me GASPING at the beautiful pictures, and the magical nature scenes, and a couple were like, "That's just okay." But all of the stories made you feel good. And yes.....happy! Now I'm really inspired for my own (future) beach house!!!!

Beach House Happy couldn't be more aptly named! The photos are beautiful and the stories are interesting and engaging. There's a reason people drawn to living by the water. If you don't understand and haven't felt that way before please buy this book and give it a read. Or if you must, stop by my place and I'll lend you it. Yes, it's that important. I'll be buying a few more for friends and family and I know they'll love it just as much as I do!

Love, love, love the size, photos, stories and colors throughout the entire book! Looks lovely on our beach house coffee table.

Love it!!!

I subscribe to Coastal Living mag and this book has long intrigued me. Found a lightly-used copy on and couldn't resist. Have already gotten two great ideas!

So happy I ordered this book. Enjoying every inch of it. The pictures are amazing and inspiring. The content and writing are excellent. I relate to this book. I saw it in a magazine and went to and it was less expensive and arrived on time!

Beach House Happy gave me so many great ideas! The book itself is beautiful (well-bound, nice paper), the photographs are stunning, and the stories are lovely. The author does a nice job explaining how you can bring that happy, coastal vibe to any home. And you don't have to own a beach house to love it - I'd give it as a gift to any beach-lover, period. In short: An inspiring, relaxing read. 5 stars!
