A Promise Fulfilled: Theodor Herzl, Chaim Weizmann, David Ben-Gurion, And The Creation Of The State Of Israel

Synopsis

Here are the stories of three very different men -- a journalist, a scientist, and a labor leader -- who shared the same seemingly impossible dream. They were determined to create a Jewish state in the land God promised to Abraham and his descendants -- land the Jews had been exiled from nearly two thousand years ago. They faced towering obstacles and dramatic setbacks. Yet they prevailed. How? Spanning nearly ninety years and many significant world events, this concise history tells the tale of the creation of the state of Israel through the lives of three men. Theodor Herzl, Chaim Weizmann, and David Ben-Gurion at times disagreed -- even vehemently -- but each needed the other two in order to accomplish a common goal. *A Promise Fulfilled* shows how events built on one another -- how the way one crisis was handled influenced the way the next played out. It is essential reading, not just for understanding how the nation of Israel came to be, but for insight into the controversy and crises that surround this country even today.

Book Information

Hardcover: 144 pages

Publisher: Greenwillow Books; First Edition edition (March 29, 2005)

Language: English

ISBN-10: 006051504X

ISBN-13: 978-0060515041

Product Dimensions: 7 x 0.2 x 9 inches

Customer Reviews

Grade 7 Up -A short history of events that, over the course of 66 years, led to the creation of the state of Israel, focusing on the lives and political involvement of the three men most responsible. Beginning with each man's early years and education, Greenfeld offers some insight into how and why each individual was drawn to the Zionist ideal and outlines the part each one played in the establishment and settlement of the Jewish homeland. The book is divided into three sections, each presenting key happenings involving one of Israel's founding fathers that, finally, led to the U.N. decision, in 1947, to partition Palestine. The author shows how the lives and work of these men

overlapped as the Zionist movement grew and events unfolded over half a century; and he points out the considerable differences in the three statesmen's backgrounds and personalities. Captioned black-and-white photos add realism to the text. A two-page time line; lengthy bibliography; and index help make the book useful for reports. There has been nothing else on the topic written for this age group in recent years. -Susan Scheps, Shaker Heights Public Library, OH Copyright © Reed Business Information, a division of Reed Elsevier Inc. Gr. 7-10. Greenfeld recounts the history of the Zionist movement and its influence on the formation of the modern state of Israel by focusing on the contributions of Herzl, Weizmann, and Ben-Gurion. He explains why Herzl, a Hungarian Jew who was not particularly religious, came to view the establishment of a Jewish state as a necessity; discusses the work Weitzmann, a Russian chemistry professor who immigrated to England, did to secure the Balfour Declaration, in which Britain legitimized Zionist claims; and looks at the role Ben-Gurion played within Israel to bring statehood to fruition. Greenfeld's writing is straightforward and succinct, and he eschews most personal information about his subjects. Several sidebars and a number of black-and-white photographs break up the text, although the format may still be daunting for browsers. Appended with a time line and bibliography, Greenfeld's unusual book offers students a good resource for investigating this chapter of world history.
