Loved: The House Of Night Other World, Book 1

Synopsis

The best-selling series has returned! Join P. C. and Kristin Cast in celebrating the 10th anniversary of the House of Night series by going on a thrilling new adventure with your beloved Nerd Herd. It's Zoey's 18th birthmas, and the Nerd Herd has been scattered across the country, busily adulting for almost a year when Stark calls them back to Tulsa to surprise Z. But all is not well in T-town.

Strange, dark signs are appearing - could it be possible Neferet is stirring? Not willing to chance disaster striking again, Zoey calls on her newly reunited friends to circle with her and add a layer of protection over Neferet's grotto jail. Easy peasy, right? Wrong. Nothing at the House of Night is ever as it seems. With rabid red vampyres closing in, Zoey and the Nerd Herd must come together again and battle evil. But a year is a long time. Have these old friends grown too far apart? When the world fractures and allies become enemies, will darkness devour friendships, or will light save those she's loved?

Customer Reviews

I loved the House of Night series and could not wait to get my hands on this book. I preordered it just to be sure I got it as fast as possible. (Thank you) I love the Nerd Herd, and Zoey has so much potential as a High Priestess. I was a little disappointed in the lack of action in the first book.

However I believe the writers are just setting us up for an awesome adventure as the did with the Original House of Night series. Still I loved getting back in touch with these characters and see how far they have come. After being scattered across the country for so long and after such pain, loss and heart ach, this group has got the power to still keep me hooked. I look forward to the next book

sadly I have to wait till July of 2018 but still I cant wait.

I was so excited to hear that this book was in the making. I enjoyed the lives of the HON family. The journey through the series was amazing and the growth of the characters shows a great author(s). I was thrilled to get caught up with everyone and see where this book would take them. The Nerd Herd is still a favorite of mine. I would recommend this book to all the HON fans out there.

Z and the gang are back and I can't wait to see where the author takes them! Hoping some of the characters evolve a bit more. Maybe some more Native American involvement? Now that they are all adults hoping to see a bit more depth to the stories! Anxiously awaiting book 2!!!

I loved all the HON Series, (even the short ones ie: Kalona's Fall, Neferet's Curse, Lenobia's Gift , Dragon's ?. etc.) I am enjoying this series as well. Highly recommend! If you liked the House of Night series (HON)you are going to love this series! Brillianly written!

This book was a perfect fit for the 10th Anniversary of the House of Night Series! It made me cry through most of it because of all the feels. One of my favorite characters are back and I couldn't be happier!

So many things to say but I dont want to spoil it! This is a wonderful come back from PC and Kristin with the. House of night characters! Once. I started reading I didn't. Want to stop! Well done!

Love love love this book! I can't believe I have to wait a year for the next book! I love that even though it's a fantasy world they incorporate their hometown and Cherokee heritage

Can't ever get enough of the nerd herd, but I read the books to fast and am left with emptiness. I think house of night would be a awesome tv series, don't you?
