# Ink Witch (Kat Dubois Chronicles Book 1)

## Synopsis

The gods are gone. Her brother is missing. One retired assassin must confront her past to save his future. Immortal Kat Dubois has traded in her sword for a flask. Hard drinking helps ease the grisly memories of her former trade: an assassin of immortals. She's perfectly content to spend eternity in her Seattle tattoo parlor until the mysterious disappearance of her brother finally brings her out of retirement. With a charmed deck of tarot cards and her trusty sword, Kat sets off to track down her brother and save his soul. A wicked corporation and a laundry list of old rivals stand in the way of her quest. For someone with an eternity to live, Kat's chances of unraveling the mystery become less likely with each passing second. Ink Witch is the first book in a new standalone series of urban fantasy novels set in the Echo Trilogy universe. If you like gritty paranormal settings, Egyptian mythology, and flawed characters, then you'll love Lindsey Fairleigh's fast-paced adventure. Buy Ink Witch to get marked with a spellbinding story today!

## Customer Reviews

This was a bought on a whim purchase and I'm glad I did. This book has depth and action a plenty and a leading lady (Kat) with attitude and perhaps a soft (ish) heart. The world created by the author brings in ideas from across the pantheon of immortal beings, but there is a firm base in the mythos of Egypt - though it's not overwhelming. The characters have a back story, but its not all laid out on page one, you learn about the characters as the storyline develops, which is something I really like. There were a couple of minor irritations for me mostly around repetition, which as a fast reader always niggles but really it didn't detract from the story. I'm looking forward to the next book

I loved the Inkwitch, now we can get into learning more about Kat Dubois and her abilities. Then bringing back our favorite characters from the Echo Series and expanding their stories ...their lives...hopes and concerns. Your writing as always transport me to another time and place.....

Very good story. I have not read the series that introduced this character but did not feel a lack of knowledge. I did read this in one evening, so it kept my interest. Not sure if I will continue with this series, but I really did enjoy this book.

"Ink Witch" is book 1 of the Kat Dubois Chronicles and it does not disappoint! It is full of surprises, suspenseful, and fast paced with very well developed characters. This series is born from the "Echo Trilogy" series which is also a terrific read and really sets the stage for this chronicle. Kat's story, which began in the Echo Trilogy series, is so raw and sad at times and it is no wonder that she has become the edgy, troubled and hard-living immortal being that she is now...trying to hide from her past, always haunted by terrible memories...another excellent book by Lindsey Fairleigh!

Nice original paranormal. Great protagonist, worldbuilding. Did not know this was a "spinoff" of a previous trilogy, which explained the backstory that was talked about a few times. Excellent story, bought the 2nd one after I finished this in one sitting.

A strong female main character who realizes that she needs her family and friends. Plenty of sexual tension between Kat and Nik but nothing too overt. I like reading about encounters but hate it when the female lead turns weak and out of character because of a man. Fyi, this book wad free but I've

already bought the next one and plan to keep on buying. So happy I discovered a great (new to me) writer!

I got this book for free after seeing it on a free book alert. I did not know the author or the series, but I love strong female leads (this one is Katherine "Kat" Dubois AKA "The Ink Witch" and paranormal stories ( This one has aspects of Egyptian Gods to it) . This one was a good read and a good lead into the series.

This was an entertaining, quick read. The author's premise about how the main character could access her supernatural powers was very clever. Be warned, the author leaves you hanging, so you will need to purchase Book 2 if you want to find out what happens next. There are several plot elements that were not resolved.
