Cute books

my daughter likes to read Monster High

My daughter (10 yrs) requested this for her birthday & read them all within 4 days. It's not offensive, gives background to the characters she is already familiar with from the cartoons running on the MH website, & kept her busy! I wouldn't exactly term this as classic literature but it is just fine.

I bought my daughter the whole collection and she loves them.

My 10 year old loves monster high, so these books made an excellent addition to her library.

We bought these for my daughter for Christmas because she saw them individually in the store and added them to her list. She loves Monster High, but they were pretty pricey, around \$23 each. Once I saw the price of this box set I ordered it right away. It came quick and I cannot wait for her to open them on Christmas morning.

Daughter loved them.
