Danger Signals (Adventures In Odyssey)

Synopsis

Something sinister is brewing in the quiet town of Odyssey. And it's not just the usual fast one by resident rogue Bart Rathbone. A strange sense of foreboding is in the air, and not even Whit can put his finger on it. The kids are flocking to the hot new after-school place; while back at Whit's End, the windows are collecting dust— the ones that aren't being smashed, that is. Things haven't been the same since media conglomerate Novacom moved in. Even Connie turns to much whenever Novacom's new hire, Robert Mitchell, is around. Are the kids— maybe even Odyssey itself— closing that small-town innocence that always kept them out of harm's way? Find out in these 12 riveting new episodes. Volume 36 contains the following stories (and themes): The W.E. (discernment) Green Eyes and Yellow Tulips (judging others) Snow Day (perseverance) The Triangle, 1 & 2 (forgiveness) Broken Window (jumping to conclusions) Chains, 1 & 2 (earning trust) Break a Leg (appreciating what you have) Fifteen Minutes (the folly of fame) Welcoming Wooton (giftedness) Breaking Point (choosing the best over the good)

Customer Reviews

Once again Odyssey did really well. I love "the green eyes and yellow tulips" and never stop laughing over "snow day". Truly some great drama.

I chose this rating because my experience was excellent. I have like everything about this product since it came as described and came quickly. I would recommend this product to everyone.

A++++++

With the introduction of Novacom as the new villain? in the series, Odyssey has an infusion to set right the aimless wanderings of the series since Blackgaard died in 25. The biggest new story in this series, since Novacom was introduced an album earlier is the construction of a new Whit's End in Connelville. Are the writers making it too grand now? Originally all the action centered around Whit's End in the early years, and now the action has spread to include the Timothy Center and Jack and Joan's shop. How many more "key" sites can be added before it gets to be too much? I think the album is better than its recent predecessors because it has focus. I just hope that the writers are on the beginning of an upswing and not the peak of a small hill.

This is one of the funniest and most enjoyable Adventures in Odyssey. All of our children listen to it and we have multiple copies because they were all wanting it at the same time.
