Back Roads France (Eyewitness Travel Back Roads)

Synopsis

DK Eyewitness Travel Guide: Back Roads France will take you on scenic routes to discover charming villages, local restaurants, and intimate places to stay. Unearth the real soul of this magical region with all the practical information you could need, from road conditions and lengths of drives to parking information and opening hours for local attractions. Twenty-five themed drives, each lasting one to seven days, reveal breathtaking views, hidden gems, and authentic local experiences that can only be discovered by road. Each tour is bursting with insider knowledge and loaded with ideas for varied activities — from walks to days on the beach, children's attractions, wine tours, and cycling trips. Meanwhile, the most friendly, best-value hotels, guesthouses, and restaurants specializing in regional produce have been selected by expert authors. This guide is full-color throughout, with a pull-out map for easy navigation between drives. Discover the unexpected on your vacation with DK Eyewitness Travel Guides: Back Roads France.

Series Overview: For more than two decades, DK Eyewitness Travel Guides have helped travelers experience the world through the history, art, architecture, and culture of their destinations. Expert travel writers and researchers provide independent editorial advice, recommendations, and reviews. With guidebooks to hundreds of places around the globe available in print and digital formats, DK Eyewitness Travel Guides show travelers how they can discover more. DK Eyewitness Travel Guides: the most maps, photographs, and illustrations of any guide.

Customer Reviews

Eyewitness wins hands down The Mail on Sunday --This text refers to an out of print or unavailable

edition of this title.

This book has great itineraries, word of caution, read carefully the recommended duration of each drive. In my eagerness to see France and all its wonders I under-estimated time allotments. It all worked out though once I realized it's my trip and I can go where I want to. We would pick portions of the itineraries, middle to the end or somewhere part way. Not too many recommendations for accommodations, but there was one that saved us one night when we were in a small village and our other guide book didn't have any listing at all. It was a great old farmhouse with a wonderful hostess and great breakfast the next morning and very reasonably priced. Also found some other sites that were not mentioned in other guide books that were well worth seeing. This would be good if you were going to focus in one area too. Photos were great. A handy companion to the other materials we used on our trip.

Love this book! We've used it before when traveling to other countries and got see places we NEVER would have seen without it. Now, we're planning a trip to France and already have an itinerary that is comprised at least 50% by recommendations in the Back Roads book. Great maps, pictures, and simple but succinct descriptions. Great to find a travel books that doesn't only key in on the standard tourist destinations but also focuses on seeing parts of the country that are interesting yet less traveled.

WE USED THIS TERRIFIC AND INFORMATIVE BOOK TO PLAN OUR 5 WEEK DRIVING TRIP THROUGH FRANCE IN 2012. WE DID NOT WANT TO TRAVEL ON THE MOTORWAYS SO THIS BOOK WAS PERFECT. IT GAVE LOTS OF GREAT TIPS ABOUT OUT OF THE WAY TOWNS AND SIGHT SEEING TIPS. WE WILL USE IT AGAIN FOR OUR NEXT TRIP

I planned a recent driving trip through France based on this useful guide and was quite happy with the information provided. To the customer who was unhappy for not finding the one winery, I would say : discover your own winery, it's not so hard , there are thousands. It's a guide, not a sacred text.

Very nice book, lovely photo's. Separate map to take with you. Good driving instructions. This book comes on the next trip to France with me.

This definitely helped us organize our expeditions when on a 6-week road trip in France in spring

2015. The only other device you might need is a GPS (we had 3 of them).

Great book, packed with information - invaluable for planning our car trip around central and northeastern France.

A few "back road" attractions are offered but most are the standard mainstream attractions.

Eyewitness guides better. Peace, Ray Brown
