# Creative Haven Celestial Mandalas Coloring Book (Adult Coloring)

## Synopsis

Thirty-one heavenly illustrations offer colorists hours of creative relaxation. This treasury of calming and meditative mandala designs features beautifully detailed sun, moon, and star patterns that can be colored in a variety of ways. Illustrations are printed on perforated pages for easy removal and display. Specially designed for experienced colorists, *Celestial Mandalas* and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.

## Customer Reviews

One of Dover's most gifted and versatile artists, Marty Noble is the creator of over 200 Dover items, including regular and stained glass books, stickers, tattoos, stencils, CD-ROMs, and more. Marty has also expertly re-created the art for most of the "Color Your Own . . ." series.

I really enjoy Marty Noble's coloring books and own a number of them. This coloring book includes 31 designs featuring suns and moons. Some of the designs are simply one or the other or even both. Other designs incorporate various figures for a larger variety of coloring choices. I generally color mandalas that are patterns rather than recognizable subjects, so this book was a great addition of something new to my coloring choices. I chose a design featuring the sun as my first project. I colored my design with a variety of alcohol and water based markers. I'll include a photo of

it as well as the two colored samples from the book. As I finish more projects, I'll update my photos to show more of them. This is what I found in going through this coloring book: 31 Mandalas featuring Celestial Designs by Marty Noble. Printed on one side of white page. Page is white, slightly rough, and perforated. Glue Bound. Designs stop before the perforation. Alcohol and water based markers bleed through to some degree. Gel pens and India ink pens leave shadows of color on the back of the page. Coloring pencils work well with this standard Creative Haven paper. Soft lead lays down good color, layers and blends well. Hard lead pencils leave dents on the back of the page. I either remove my pages from the book or use a blotter page under my working page. I do this to keep seeping ink and dents from ruining the pages below.

Creative Haven Celestial Mandalas Coloring Book (Adult Coloring) I usually never purchase things like this. But I am so very happy that I did. I will not color on the actual pages because I want to color these pictures over and over again in different color designs. I do how ever wish it had more designs with the moon and stars and fewer suns. But over all I am very pleased. I love celestial designs and they are getting harder and harder to come by. It is a great book for all ages. I am having a great time with it and think that you will as well.

Some neat pics. Only problem is the perforated edges don't tear easily, so we had more pics than not to rip when were dividing the pics among my daughters. So that was a let down. The paper is thick, so u can use whatever u choose to color with.

This is my second favorite coloring book and I recommend it highly. Perhaps it's the circles, I don't know, but it has the esthetic delight of pattern along with the advantage of faces and form all integrated into the ephemeral charm of the circle. Good one sided paper.

I have started quite a collection of these coloring books! Creative Haven are by far my favorite. They come quickly in the mail are always perfect. The thick one-sided pages are perfect for marker, gel pens, or colored pencils! They are a perfect evening relaxation hobby for me! combined it with a warm cup of coffee, tea, or hot cocoa for a wonderful evening! =D There is another Dover Publication's book (exclusive to Michael's) that has several of these images, but it was a dual book with flowers on the other side. I looked around for another Celestial coloring book and came upon this one. It was no trouble coloring the pages again in this book!

Very well done some are fairly intricate and others are a lot more simple. Hours of fun and relaxing time has been had coloring these pages. Paper seems to be decent quality not too flimsy haven't had any bleeding through as of yet.

Another beautiful coloring book by Creative Haven. We love mandalas and this one is awesome. The paper is a good quality and each picture is printed on one side of the paper. The pictures can be easily removed thanks to the pages being perforated! The mandalas range from fairly simple to the more difficult and detailed ones. Perfect for anyone who enjoys coloring mandalas or anyone who loves celestial pictures!

I absolutely love this book and all the designs on single pages I can't get enough of this book I had to get another. The details of the pictures are great, the paper quality is good, and the paper doesn't soak up your ink very much like others do. Can't go wrong with this book highly recommend it.
