The Perfects

Synopsis

In the near future, the government requires every sixteen year old to spend a year at the secluded Edgewood Institute to train for their career. Abigail McKenzie is excited to attend the institute and as a bonus, her hot neighbor and best friend is attending with her. While she thinks this is going to be the year of her life, she's sorely mistaken. Ian Weber is convinced that something strange is going on at Edgewood and he will do anything to find out the truth. Abigail thinks that Ian's paranoia about Edgewood Institute will get the best of him. That is, until they uncover a secret that neither of them saw coming.

Customer Reviews

I borrowed this book through Kindle Unlimited. Yes, it was enjoyable and the premise was good. A bit far fetched but a good read nonetheless. I gave the book three stars due to continual grammatical errors and typos. In fact, the first error occurred on the second page. Author, please learn to edit!
