Language: English

ISBN-10: 0394500504

ISBN-13: 978-0394500508

Product Dimensions: 9.8 x 3.9 x 12.6 inches

Shipping Weight: 11.8 pounds

Average Customer Review: 4.5 out of 5 stars 17 customer reviews

Best Sellers Rank: #534,934 in Books (See Top 100 in Books) #372 in [Books > Reference > Dictionaries & Thesauruses > English](#) #673 in [Books > Textbooks > Reference > Dictionaries](#) #966 in [Books > Reference > Dictionaries & Thesauruses > Dictionaries](#)

## Customer Reviews

Two primary strengths highlight this new edition: superior graphic design with entry words in large boldface and the inclusion of over 50,000 new words. A major effort has been made to address current usage with the inclusion of recent scientific, social, and political definitions, e.g., mouse as a computer device and contra as a counterrevolutionary. The over 315,000 entries include names, book titles, and places; 12 supplements include four 30,000-word bilingual dictionaries and an atlas. This is not a replacement for Webster's Third New International Dictionary, which is much less encyclopedic and contains over 450,000 entries. Nor should it be the only unabridged dictionary available. But it is a fine addition to reference collections. Stephen H. Cape, Indiana Univ. Lib., Bloomington

We had bought the "first edition" of this volume in 1967 and after so many years of use the cover started breaking away and the book was looking very shabby so decided to do a google search and was delighted to find this Second Edition available. This book is much more than just a "dictionary", it is almost an education in one volume. Will not go on and on about all that is covered in this wonderful volume because there may not be another out there for sale. I am just thrilled that I found one!

A very high quality, large and comprehensive dictionary. There's never been a word I couldn't find in it, and I like that the type is clear and easy to read, not super tiny. It's been an invaluable resource to me for writing.

I got this dirt cheap - leave it out on a shelf or the coffee table and just peruse from time to time. It's amazing the things you'll learn like, gee, there are more than 35 definitions of the word 'box' many of them with 2-3 subdefinitions themselves. Who knew 'to box' meant to pour paint from one container to another in order to mix it evenly?

We received our original dictionary with a stand from my husband's mom with a stand when we were first married and had it opened in our family room - it was used lots by us and our children! I wanted to replace it - it was quite worn - and was fortunate to find it on line. We now have it opened in our living room. The kids have asked for one for their families and we are happy to oblige.

My go to dictionary - easier to manage than my OED set (two volume, so something like 16 pages per page, and also have to break out the magnifier that came with it).

Expanded edition. The real deal. Love it. Humongous!!

May sound odd, but I collect dictionaries. Among my library I have the Webster's New International, the Third New International, the American Heritage, Oxford and this one. Being a college student I get a lot of use out of these gems and the Random House ranks third (after the Webster's and Oxford) amongst the ones I use the most.

It is difficult to find a really good printed dictionary today. This is one of the few I would recommend.
