Customer Reviews

The thing I enjoyed most about this book was the humor. Yes it was hot and sexy but the twist with the Alpha Female was damn entertaining. Thanks for all the bonus books too.

Alexis Angel never fails to disappoint. Colt and Ethan have been kicked off their football team because of a fight they had with each other. Ethan and Colt are the two Alpha males that cannot stand each other since childhood. Colt is a guy who takes what he wants and makes no excuses, but after throwing a used condom at a cops windshield and getting into a fight on live television with Ethan, they both have been traded to the same football team owned by the sexy vixen Julianna. However, the team only has one spot available. Colt and Ethan are in a dire need to clean up their act. Sparks fly when Ethan sees Julianna, except Colt has it bad for her as well. Julianna can only afford to keep one of these hotshots on her team because she can't afford both of their ridiculous salaries. Colt has always been good at football and like everything else he takes it for granted, because he feels it will always be there. Ethan lives for football and pushes himself everyday to improve his game. Julianna plans on making these two show who's the best on the field and between the sheets. Will she bring even more tension between the players? Will the three of them find each other? Grab this book and see what happens when these three are stuck together and have to figure out where they go from here. In order to truly enjoy this story you have to put aside your credibility factor. Their over the top sexy good looks, language, sexual appetites and we don't give a flying fig attitude makes this a very fast paced sexually charged testosterone and estrogen driven read. We have two football players Colt and Ethan that have been rivals since their childhood providing all of the testosterone rough and ready energy you will need. Then we have strong take no prisoners Julianna providing a sexual energy that brings these two rivals to their knees and to her side. Colt and Ethan both get kicked off of their respective football teams for getting into a brawl on live TV with each other. Julianna just bought a struggling football team and Colt and Ethan have ended up on her roster and she can only have one by the end of the season to stay within the leagues financial rulings. Julianna is a self-made woman. She watched her father get betrayed by the football world and now she is in a position to purchase the team that once ousted her father and live his dream for him. She sees something she wants and she goes after it. She is not ashamed of her sexual appetites and makes no excuses for it. Her feeling is if she were a man no one would say anything about her behavior, since she's a woman they are seeking to shame her for the same thing they would praise a man for. Colt was born into wealth, while a naturally gifted athlete his arrogance is born out of getting whatever he wants. He parties hard and

gobbles up as many women as he can along the way. He's loud and brash but he pushes himself to make his team the best it can be. Ethan is also a gifted athlete and has pushed himself to succeed. Every win he has made was with hard work, and his driving need to be the best. He too is very much a team player; he wants his team no matter whom he is playing for to win a Super Bowl. While he likes the ladies he's more low key in his style and keeps his focus on football and his goals. What started off as a game as to whom could make the other climax with passion faster, changed into three sides of triangle needing each other for balance. Will their sexual hi-jinx that become public knowledge cause a flag on the play or will they work together as a well-oiled team and defend against all offensive plays? As I said this story is very much over the top, even in their perspective views their words are larger than life and so are their actions. To enjoy this book you have to just let the big wave take you along and let the bigness of their behavior be your guide without the need for them to be too deep.

So many hot sexy steamy romance going on and some twist and turns. Colt and Ethan has been kicked off their football team because of a fight they had with each other. Since these two can not stand each other since childhood. Now they are traded to another team and this team only has one spot for one of them. So Colt and Ethan need to clean up their act a lot. Julianna is a no holds bar type of woman she is a go getter, independent and strong minded. She is the first female to buy an NFL whole team since she grew up around it because of her dad was into football plus she seen what it did to her dad. So when she has a meeting with Colt and then Ethan she does not know what to do both are handsome and attractive. She tries to hide the fact she is attractive to both of them. So will they all three hook up? Which one will be chosen to play for the team Julianna owns? Grab onto this hot and sexy steamy book. You will definitely not be disappointed one bit. I so highly recommend this one!

I absolutely loved this book and was hooked from page one until the end. I love the writing style of Alexis Angel where there's always a scandal, some humor, and of course HOT steamy sex scenes. What happens when football players Colt and Ethan get in a brawl that gets caught on tv? What happens when they both want Julianna? Who does she choose? You'll have to buy the book to find out more. I highly recommend this book.
