Fifty Shades Of Pink: An LA Lovers Novella

Synopsis

Fifty Shades of Pink (An LA Lovers Novella) is a f/f erotic romance that features some BDSM situations. It is not suitable for all readers. 18+ BDSM was never my scene. I've always thought I was too strong to be dominated. Authority and I never did get along. So, when I was dragged to a special kind of club for my best friend's bachelorette party the last thing I expected to do was surrender myself completely. I wasn't going to participate. Then I was summoned to the "Pink Room". Her room. As I watched her walk away from me, I realized I had no choice but to follow. I was already hooked. She demanded I call her Mistress. I demanded she take off her mask. We were both changed that night.

I freaking love this book I'm a Lesbian and it's hard to find good erotica in the lesbian genre to relate to. This book had characters we all can relate to...I can't wait to continue on Cassidy's & Rebecca's journey of discovering themselves and love TOGETHER....Thank you miss Kelly...

Book review Title: Fifty Shades of Pink Author: Jourdyn Kelly Genre: Erotica/LGBT Rating:

***** Review: The opening of Fifty Shades of Pink was great, I could really tell it was going to be a wild ride. We meet Cassidy at her best friend Miranda's bachelorette party which happens to be held at a BDSM club. Cass has a lot of prejudices when it comes to sex which Miranda tries to persuade to open her mind a little more to her friend's lifestyle. Cass as a character is androgynous her appearance and fashion style make her seem more masculine, things change when a married figure only known as Mistress takes an interest in Cass and invites her to the Pink Room. Mistress' sensual appearance has Cass reconsidering her stance on BDSM. When Cass does decide to join Mistress she is entranced and very slowly and passionately Mistress teaches Cass what BDSM and Dom/sub relationships are really about. The scene itself was extremely well written and far more enticing than Fifty Shades of Grey. After its over Cass feels drawn to Mistress and despite her initial apprehension wants to see her and only her again to which Mistress agrees. Cass was very surprised that she could give up her control so easily. I thought for a moment that Cass was transgender but it seems she is more of a crossdresser. Cass after her first meeting has a falling out with Miranda, not over the experience but because the nature of their relationship has changed. Every day for a week Cass returns to the club but Mistress isn't there. On another night Cass is once again waiting for Mistress when she received an invitation to the Black room which she actually considers because she feels a little betrayed by Mistress. Just when all hope seems lost Mistress arrives to reach Cass her next lesson although it is clear to see that Mistress and Cass are getting emotional attached to one another. In this scene Cass trusts Mistress enough to experience things she has never attempted before meeting Mistress. It was literally heart breaking to watch the parting between Mistress and Cass, it had me in tears which is very rare for an erotic romance novel. They part because Mistress feels it is healthier for the both of them. We see Cass two months after Mistress left, and she accidentally bumps into her on the street. It is here she learns Mistress' name is Rebecca and she learns about Rebecca's past and why she left Cass. Cass understands that Rebecca is afraid of being hurt again especially because there is a 16 year age gap between them but Cass eventually convinces Rebecca to form a relationship they will work on together. The final section of this novel was sublime we see Rebecca and Cass come together as themselves rather than as Mistress and sub. I also loved the short ending scene from Rebecca's perspective as it provides us with a different viewpoint and allows the reader to truly see Rebecca as herself rather than as Mistress. I would highly recommend Fifty Shades of Pink to all especially those looking for a slightly different erotic novel or for those looking to break into the genre. I loved it!

This is a book about a woman named Cassidy who finds herself at a BDSM club for her best friend's bachelorette party. The only problem? Cassidy isn't into kink or at least she doesn't think she is. That is until she finds out she likes it with the help of a mysterious and gorgeous Mistress and her pink room. I liked this story. I thought that Cassidy and Mistress were well rounded characters. The chemistry between the two of them right from the beginning is hot and so is the sex. The only thing I didn't like about this book was that it wasn't long enough. I felt like the emotions of the characters happened too fast like after playing only three times suddenly they are both in love with each other. I feel like the book would have been better if it was longer and the characters had had more time to let their attraction grow. Other than that it was a good book and I'll be reading the next book in the series.

Although the premise for this novella was a great concept I found the characters to be a little flat. The BDSM scenes were great and very well thought out but I really did not find a real honest chemistry between Cass and Mistress. I think adding a little more substance to the characters would have gone a long way to making this a better story.

For me, this was the first lesbian erotica book that I've read and I have to say I was not disappointed. It was really good. The best part for me was the fact that although there was a lot of sex in this book, it also included feelings and deeper stuff that I like. The characters were great and it was really refreshing to have strong female characters in these type of book. All in all, it was a great read and I really recommend it to all* ARC received from the publisher

This is a short but sexy BDSM lesbian exchange that sweeps you up and has you all hot and steamy. The only downfall is, it's over in the blink of an eye and though Cassidy and Mistress have some VERY sexy play in 'The Pink Room', for me it was over too soon and had little substance. If this developed further into a novel this would be quite a read!! voluntarily reviewed an Advanced Reading Copy of this book.

I really enjoyed this read. I don't know much about the BDSM world or how realistic things in this book are but I like Cassidy and Rebecca's characters. I actually read "Coming Out: LA" before this one so their story is one I wanted to know more about. And honestly still do...I mean the relationship between Cass and Rand seems to have so much more to say as well as Rebecca and Cassidy. Regardless, I enjoyed it.

Fifty Shades Of Pink by Jourdyn Kelly is a erotica and LGBTQIA read. BDSM was never my scene. I've always thought I was too strong to be dominated. Authority and I never did get along. So, when I was dragged to a special kind of club for my best friend's bachelorette party the last thing I expected to do was surrender myself completely. I wasn't going to participate. Then I was summoned to the "Pink Room". Her room. As I watched her walk away from me, I realized I had no choice but to follow. I was already hooked. She demanded I call her Mistress. I demanded she take off her mask. We were both changed that night. This was a really good read with good characters. This was a just one more page read. Could not put this down. 5*.
