Customer Reviews

• The poster collection is absolutely gorgeous, featuring incredible artwork from such graphic designers and artists as Dorge Bellbrook, Joseph Cross, Ryan DeMita, Jesse van Dijk, Mark Goldsworthy, Jamie Jones, and Adrian Majkrzak... Every piece has so much detail packed into it that it would not be hard to sit and stare at it for hours on end, taking in every single detail. Fans of the game will surely enjoy seeing these remarkable moments from the game given such incredible treatment here. • The artwork in them is absolutely incredible, and come highly recommended on that basis alone. Not only that, but the insight that Insight Editions is giving players to the inner workings of the game through these incredible products makes these books

perfect for collectors everywhere. Whether you are a fan of the game or just an admirer of science fiction themed art, these products are ones you will likely enjoy.âRed Orbit“Destiny incorporates Bungieâs trademark grand scope, sci-fi storytelling, and adventures with visceral first-person action gaming that takes place in a burgeoning, cinematic universe."—IGN“Multiplayer in Destiny is set to be unlike anything thatâs come before.âGame Informer

My 14 year old son got this from his little brother this past July 9th. Other presents included a Destiny T-Shirt, US Flag Blanket that was pricey (He loves everything w/ an American theme), and several other cool things including \$100- He said the Destiny poster collection was his favorite gift! Made well on card stock grade paper. If you use Glue Dots they would definitely be re-usable if wanted to change them up or move them. Tried tape runner like for scrsp books and they kept falling of the wall. Maybe the heavy texture on our walls. So, I'm sure the glue dots will work w/o tearing the paper if he decides to re-use it somewhere else.

Great posters that are easily torn out. Keep in mind that these poster pictures are all from year 1 of Destiny and not from year 2.

Some pretty good art in here, but it's mostly stuff that has been available separately before (like the Warlock, Titan, Hunter posters). I've been trying to find a print of the Fallen Captain concept art (the captain_desktop.jpg you can find on Bungie's site) for a long time and unfortunately it wasn't in here.

I bought one for me and one as a gift. The images inside are great and printed on thick card-stock like backing. The ONLY problem I had with these is that both books came with slightly damaged corners and edges. This was probably due to the nature of the book, its size and the shipping. If you frame the images (the way we plan to) those very minor flaws won't be noticeable.

I purchased this for my 12 year old son. The posters are of beautiful color and quality. Each one is thicker than a post card so we don't need to buy frames, he just taped these up on his wall. A beautiful book if you don't want to remove the posters. But, a fantastic gift for the Destiny lover. EXCELLENT QUALITY.

The art is great, we framed some of it for my son's video game area in the basement, this is his favorite game

Book full of 20 great pictures of Original Destiny artwork. Thick card material, looks great in my game room. The top edges where you remove the art do get slightly tattered when you remove them. Will buy the poster book for Destiny 2. I need more wallls.

Its posters...for your wall...to stare at...and dream about...
