have always loved DK Eyewitness travel guides since the sixties when I traveled through europe as a student. the pictures are great as are the maps. They are concise yet contain so much information. Also they are divided into sections making it easier to understand and get around cities

Provides a great general overview of most destinations and some smaller notable cities Nothing much in detail. Would be perfect for the traveler who only has a day or two to see each city- not good for someone staying several days and needing more information.

Glad I bought this at the last minute. City map especially helpful.

Yes, lots of information, maps and guides to amazing places. Very useful

Comprehensive overview of the islands, with valuable information about location, access and points of interest. Hard part is deciding what to do in a limited amount of time there!

Love these books! Great pics wonderful descriptions. Laminated map is fabulous. Have about 12 of these books. Wish they would make an e-version. Books are heavy to pack & travel with!

I've always loved the design and imagery of the DK Eyewitness guides. I always get one if I'm visiting a place for the first time.

I have visited many of these countries and am visiting more this summer. Sent copies to my

traveling companions!
