Ripley's Believe It or Not! is globally renowned as the authority on the weird, the eccentric, and the amazing. Ripley's Believe It or Not! provides entertaining books for children of all ages which educates and informs them in a humorous style. The Ripley brand is known around the world as a trend-setting source of family-friendly fun and excitement! Every day the researchers at Ripley's are busy digging up the craziest true stories and the most unbelievable facts.

I've been a fan of Ripley's since I was a kid and would watch the show in reruns on TV. I have visited three museums so far and hope to do more because they are so fun. When given the chance

to check out this book I went for it and was not disappointed. It is a great coffee table book that you can peruse whenever you get bored or just waiting around. I do a lot work that requires wait time of uploading and processing, so this is my standby book to grab and read a section when I can. The nice thing is that you don't have to commit to a chapter rather just read one entry and move on. Some of my favorites are the entries on Coney Islands, the numerous medical conditions (warning - they can get kinda graphic but that's to be expected) and the crazy art they detail. There is also lots on animals, wired places and strange record breakers. The book has a large assortment of topics so it's not easy to get bored by one. There are plenty of pictures and lots of short easy to digest stories. My only caution is that the book has some bizarre and gross stuff in it and it may not be for kids. I've come to expect that kind of thing from Ripley's so it's no shock to me but as a review I felt I should mention it. Overall a fun book to grab and peruse. With hundreds of story you have ample material for months of conversation starters and beyond.

With 250+ pages packed with tidbits of trivia and odd facts, this doesn't disappoint, (though I do suggest not eating while reading-- eye parasites and cannibal crocodiles might be enough to make you queasy!) Perfect for the mildly morbid Cliff Clavin type, and a few of the facts in this book were helpful in a bar trivia challenge I took part in. It's a fun read, and I learned a good number of facts that I wouldn't have otherwise, all while picking up some interesting conversation pieces, (maybe not for your average cocktail party, but makes for some fun exchanges among friends.) In short, educational and sometimes gross, but worth it.

Once again Ripley's has delivered. Great fun and learning all tied up in one. My kids are always excited when this come out each year. They love it and my wife and I love it because it gets them reading.

This book has been so much fun to read! The stories are fascinating (they definitely made for a lot of "wow"s), and the illustrations on each and every page are really vibrant. It's definitely the type of book that would keep the interest of both adults and children. The cover is extremely cool, too, which is all I will say ;) My family likes visiting the Ripley's museums, and this book is a great way to keep up-to-date on the latest weird discoveries!

Nice hardback book with colorful pages! It is a Christmas gift for my son and I'm sure he will love it. The eyes on the cover are really cool and kinda creepy, which my year old will love!

Great book. My 10 year old son loves it. We recently visited the museum and now you can see some of it and so much more in the book. A great buy!

I love Ripleys, all their attractions, museums and everything in between. The odd and umexplainable have always appealed to me. The Ripley's Believe It or Not annual book is always so much fun to read. You'll usually try to only flip through a few sections but end up reading each page in an entire sitting. And of course it's the perfect book to have in your living room or family room. Everybody will want to look through it when seen on an end table.

Great book, my 6 year old son loves it
