Eighteen-year-old Juliette Turner, author of *Our Presidents Rock!* (2014) and *That's Not Hay in My Hair* (2016), is a college freshman and the National Youth Director of Constituting America. When she isn't writing or on the speaking circuit, she can be found with her mother, actress Janine Turner, on their ranch caring for their four dogs, two cats, herd of longhorns,

and four Angus cattle. ã ã

I was the editor for Our Constitution Rocks! and one of the editors on Our Presidents Rock!, and I cannot say enough good things about these books and their author, Juliette Turner. Juliette may be a teenager, but her knowledge (and writing style) is way beyond her years (I often had to tell her to "dumb it down" a bit). Whether the Constitution or our nation's presidents, Juliette Turner is helping a new generation acquire a sense of patriotism that is so important, and that has become somewhat lost or diffused. I told Juliette I was the perfect editor for her, because I have always had a passion for our Founding Fathers and what they accomplished for our great country, the United States of America. Beyond all the educational stuff, this book has fun graphics that pull the readers in. Open any page, and you can start reading. Besides the major accomplishments about each president, Juliette includes fun facts like their thoughts on the Constitution, strange personality quirks, and fun facts you won't find in other books about the presidents--like their parting words and what the deficit was after each president left office. Sections include The Bottom Line, a paragraph summary of the presidents' highlights; What has he done for me lately; plus The Presidential Times, a "newspaper" from the time period that details other important events of the time, like the building of the white house. Because of the success of Our Constitution Rocks!, Juliette was asked to do a book on the presidents, and she has delivered once again. Written by a teen for teens (although I guarantee adults will learn something, too), Juliette's books are able to reach a new generation of Americans, and pass on a love of country that helped make the US what it is today.

Well researched, fun writing style, great graphics, and memorable.
