Amish Wildflowers (Amish Romance): 4 Book Collection (Little Wild Flower 0)

Synopsis

CONTAINS BONUS MATERIAL: Now INCLUDES Book 4 in this complete series. SAVE MONEY WHEN YOU PURCHASE THE COLLECTION!

70's Hippie chic meets the Amish guy next door!

BOOK ONE: Jane Abigail Reeves is Little Wild Flower. Raised as a city girl; her father moves fifteen-year-old Jane and her entire family to a farmhouse in a rural Amish community in Indiana as a respite for her alcoholic mother. Finding farm life more complicated than city life; Jane shuns herself from family and neighbors, until she stumbles upon sixteen-year-old Elijah, the Amish boy next door. As she slowly begins to mimic her family's acceptance of Amish living, she discovers a practical solution for squelching the dysfunction of her family's past. Set in the 1970s, Jane's story is full of cultural obstacles she must overcome in order to survive in the community in which she and her family reside. Can a hippie-chick like Jane find friendship with a sixteen-year-old Amish boy, despite their cultural differences? Will their feelings for each other change as they grow up?

BOOK TWO: Just when Jane thought her life in the Amish community couldn't get any better, tragedy strikes the Zook farm. Jane suddenly feels lost in the world she created with Elijah, and flees to her home town in search of her childhood friends. Will coming face-to-face with the pain of her childhood send her running back to the farm, or will she cling to the life she left behind as a teenage girl?

BOOK THREE: When the new doctor turns out to be none other than Bradley, Jane's childhood sweetheart, she struggles with his new affections, feeling as though she is betraying the memory of her life with Elijah, her deceased husband; the very life that caused her to blend with the Amish community. As she comes to terms with her life without Elijah, she quickly begins to reject some of the Amish traditions, yet keeps others. When she slowly lets go of the life she lost, she discovers that starting over doesn't have to be as difficult as she feared.

BOOK FOUR: Amish Wildflowers continuing story...All Jane wants is to be a normal child, but she's convinced she needs super-powers to help her survive her tormented childhood at the hands of her alcoholic mother. By the time she reaches her teen years, Jane is tired of living in fear, feeling she is about to break. When a friend tells her that he believes it's her destiny to save her mother's life--the very person who'd been so cruel to her, when the opportunity presents itself, Jane doesn't believe she's up to the challenge, since she wishes only the opposite for her mother. Will she be brave enough to look beyond her own pain and find the strength to save them both, or will Jane become a sacrificial lamb for her mother's sake?

This book contains some mildly disturbing situations in order to maintain the authenticity of the story of Jane's stormy childhood with her alcoholic mother before she found Jesus and got saved. Jane's story is based on true events | This book was previously titled: Little Wild Flower: Unto Others. This is a revised edition

with over a hundred pages of BONUS MATERIAL.

Customer Reviews

Jane's father moves the entire family from Michigan to Indiana to an Amish community. Jane has lived a life of abuse from her mother who is an alcoholic, and is in recovery. They moved in hopes it would help her. They go to an Amish school, dress like the Amish and live simply like their neighbors. Jane falls in love and marries and then tragedy strikes her family and she doesn't know if she will ever love again. Her children are worried about her and want her to find someone for herself and also a papa for them. I give this book 5 Stars.

This set was really good full of emotional content and follows the lives of a family moving into Amish country to strengthen their family and heal the wounds inflicted by alcohol abuse. The seven children of the family grow up and begin their own lives. I felt that the story stopped instead of ended.

These books were so good I could hardly put my Kindle down. The first three books were fun to read as I watched the life of the main character unfold. The fourth book provided a shocking revelation as to why the main character struggled with family members earlier in her life. It was difficult to read, but if I say anymore, it will give too much away. Thank you, Samantha Bayarr! While I really enjoyed books 1-3, book 4 opened my eyes to a world that I have never even been close to experiencing. I am VERY grateful to my Lord for that.

Samantha Bayarr just when I thought it couldn't get any better you knocked it out of the park. This set of books are fabulous it takes you on a journey with ups and downs. Love joy death and new life everyone should read these books they are winners Thank you Samantha for such a great set of books

I love Samantha Jillian Bayarr's work. I have read many of her book. However, when I began this series I wasn't sure I was going to like it...I wasn't sure about the 70's lingo mixed with the Amish. With that said I fell in love with characters and I enjoyed the series. I felt like I knew each character personally. I love how connected I become to Bayarr's books.

The books were very good. Good writing, interesting characters. I only wish book 4 had been book one. I never did like going back to what should have been the beginning of a story.

This book is definitely a page Turner. I loved how it followed the family as they grew up and had their own families. This author has written another great set of books.

Another very good book.
