## Customer Reviews

I bought this book for my daughter but it is a sheer waste of money. There is really nothing interesting here to touch & feel. The touch & feel items are too small (like really small buttons or

small green peas) & not engaging enough for a child to do. She is 18 months old & I've shown her this book for a while now (since she was 10 months old). Even though she recognizes & says the words of most stuff in the book now (like butterfly, kite, shoes), and I put her fingers over the objects, it is not exciting for kids. Could've bought something else with the money spent on this!

I was extremely disappointed in this entire series of books. I bought them as a Christmas present for my daughter and was shocked at the lack of meaningful sensory experiences. Some pages don't even have any anything to touch or the raise is so insignificant that it can barely be felt. I do not recommend this book if you're looking for a lot to "touch" or "feel."

Middle of the road book. Not as good of quality as other touch and feel books out there, but not the worst. I wish there were more words.

My 9 month old loves all of the touch and feel books. She laughs at the puppy book in particular. She's awesome. So are the books.

I purchased a bunch of these books for my foster daughter, as she was so intrigued with one that we got from her doctor's office. They are our go-to books for nighttime and long car rides. If there is one slight downside, she thinks that all board books are touch-feel books. She's constantly scratching and running her fingers over the illustrations of other books. It's pretty adorable. =)

We love Touch and Feel books. I always wish they had more touch and feel pages but overall we loved this one too.

Bought for my visually impaired daughter & I am very disappointed. Not much to feel, especially with the "shiny" pictures. Barely noticeable. She loves tactile books but is uninterested in these.

Great pictures but really lousy for touching and feeling. I had to really search to find what was the "touch and feel" part of the picture.
