Social Media Marketing: Strategies For Beginners To Use Facebook, Youtube, Twitter, LinkedIn, Snapchat And Pinterest For Their Business

Synopsis

GET AHEAD WITH SOCIAL MEDIA FOR YOUR BUSINESS Social media platforms have become the most happening places. Naturally, with everything going online, businesses couldn't have been left far behind. It had been only months since people had accepted the idea of being online-social that businesses started emerging and hogging the limelight across various platforms. It, therefore, comes as no wonder that almost all businesses that run offline also have an online presence. We are social animals. With the advent of technology, we have gradually learned the art of online socialization. In this book, "Social Media Marketing", we will unlock the doors to expanding your business beyond its offline potential. This book is written with the sole intention of familiarizing you with the idea of social media marketing for your business. It primarily covers Facebook, YouTube, Snapchat, Twitter, Pinterest and LinkedIn and how you "a beginner" can utilize these platforms to not only reach out to your customers, but also make new ones. Since the book is written to be read in about an hour, you will soon have a great stepping stone upon which to build the foundations of a successful marketing campaign for your business. Let's get started and dive in! CLICK BUY in the top right corner to get going NOW.

Customer Reviews

Very concise and straight to the point writing. The worksheets that were included were very helpful as well. This is a good read for anyone who has a business or is considering starting a business who doesn't know exactly where to start with the marketing. This book only covers the basics, but it's a good place to start.

Great resource for social media marketing professionals. The workbook is well organized, easy to understand and has many helpful tips. Social channels change frequently so I was happy to find something that was published in 2017.

It was easy to understand. Had a lot of useful links throughout to help you. I think it would be helpful to those starting their own business.
