Mountains And Highlands (Biomes Atlases)

Synopsis

Each book in this series provides readers with a deeper understanding of the world's biological communities, with each title focusing on a particular biome, biome type, groups of biomes or system. The books contain an introduction to the Earth's principal biomes with enough depth for project work. The atlas approach gives the series a relevance to the geography curriculum.

Book Information

Series: Biomes Atlases

Paperback: 64 pages

Publisher: Raintree (December 23, 2003)

Language: English

ISBN-10: 1844211649
