Customer Reviews

If you're heading to the Cotswolds, I cannot recommend a better source for information (outside of a local resident, and you would have to feed them). It had lots of useful tips and maps. It's a great companion to the 'Cotswolds and Chilterns Visitors' Map' (from A-Z Maps).

It is good for quick visits, gives a schedule if you need one and some interesting information about places and contact numbers etc. In the end we planned our own routes and referred to this book for

specific things.

I am planning a trip through the Cotswolds and this seems like a very good guide. Small enough to travel with.
