Synopsis

Milan in 1 Day is more than a guide. This is your adviser, tourist guide and all-in-one information when, where and what to do in Milan in 1 Day. Milan in 1 Day gives the best possible route to visit Milan in as little as 5 – 8 hours. This book has tips on how to save your money, where to walk and which sights are the best to visit. Using all possible resources with our logo – We Were There for You – this book is full of information that no other guides will give and no other buys are needed. While other travel guides struggle with finding the sights and giving the appropriate travel tips, this guide will take you to Milan from any airport or railway station. We are going to walk together from Cathedral to the Fashion District and visit all below mention sights, museums, galleries and trendy streets and piazzas of Milan. There are exact maps, charts and opening times, telephone numbers, links and addresses for: Duomo Pinacoteca Ambrosiana Vittorio Emanuele II Gallery La Scala and Museo Teatrale alla Scala Pinacoteca di Brera Castello Sforzesco Santa Maria delle Grazie Cenacolo Vinciano – Leonardo™s Last Supper and Fashion District. Two most demanding are Pinacoteca Ambrosiana and Pinacoteca di Brera. Choose one of them and save 2 hours for the visit. Duomo is visited in 30 minutes and if you wish to walk on the roof reserve another 45 minutes. La Scala Museum is small and 40 minutes is enough, Castello Sforzesco is great to visit from outside, however, if you would like to see all museums within these great walls, then reserve additional 1,5 hours. Visit should start as early as possible. Immediately after breakfast, around 8,30am – 9,00am we should be on the Milano Centrale Railway Station. Majority of tourists visiting Milan would like to see Leonardo™s Last Supper. Ticket cannot be bought in the museum, so... follow the instructions in the book. With added link on the end of the book you can download and print your own PDF brochure which will make your visit even more successful.

Customer Reviews

When i buy a guide book i expect to learn something interesting about the place and city. this book is not the case. One half of this book is dedicated to airline ticket prices and etc. It is totally useless. Prices are changing all the time depend on season and year. I guess ppl who are able to buy the ebook on can search ticket prices by themselves. But even this part missing the logic. For instance, author explain how to buy train tickets with discount, and later end up with conclusion that global pass is bad, but Why?! if it is bad somehow i would like to know why. The information about city attractions is extremely poor! The book describes only several main attractions in very boring way, it is impossible to read it through and remember something about it. I expect something more exciting than just dry chronological description. To me this book was totally useless, I didn't find anything interesting or new. Finally I had to read some info simply from Wikipedia.

Layout of guide easy to follow but some of the information turned out to be out of date when I visited so I wasted time going to places that were not open on a Monday. I found it useful to sort through options about what might interest me ahead of my visit and what was likely to be achievable in the time I had available

Although it does cover a few highlights of Milan, I had expected it to be much more extensive. In the end it only describes a few highlights and not so much info is given. If this were a booklet it would be very thin indeed.

I found this book and read it the same day in about 5 hours. Found really helpful information about Milan. I feel like I have already been there. My trip to Milan would be for 2 days and 1 night, and I'm definitely taking the 4 pages brochure with me. If you're looking for information about transportation, attractions and traveler's tips on saving money and making the most out of your time on Milan, this

is a must-read.
