# Cold Hands, Warm Heart: Alaskan Adventures Of An Iditarod Champion

## Synopsis

Known as the Winningest Musher in the World, Jeff King remains one of the top mushers in the history of sled dog sports. Since his first race in 1979, King and his well-trained teams of Alaska huskies have racked up many thousands of training miles and trail hours. The result: win after win after win, crossing the finish line first in more than a dozen major races, including the two internationally known giants: the Iditarod and the Yukon Quest. In the process, King has also racked up thirty years of first-person stories that offer a glimpse into the heart of a champion, the rugged Alaskan lifestyle, and the charismatic world of dogs.

## Customer Reviews

Great story for adventure readers. Jeff King is a veteran sledder....his antidotes and experiences brings the Iditarod run to heart. A great reading experience for anyone....especially reluctant non-reading adolescent males.

Jeff King tells his own story of following his dream to become an Alaskan, lived in the bush and ultimately run Huskies. The book is entertaining and exciting but a bit disjointed at times since most chapters stand as rather isolated vignettes and not always in chronological order. However it gives a good look at King's journey to a multi-time champion musher and winner of both the Yukon Quest and Iditarod as well as many shorter races.

Love this book! After Jeff King was attacked this year (2016) at the Iditarod and his beloved dog,

Nash, was killed, he still showed that he is humble and love his canine family. Great guy and fun to ready his stories. Highly recommend!

A great book filled with stories of the trail. Trials and tribulations of one mans journey with dog sledding.

Loved this book. Read like a friend telling his story over coffee. Great insight into the heart and soul of a modern day pioneer and musher.

Great read about Jeff King's life... If you have visited Denali or have this destination on your bucket list.... a must read.Also visit his Alaska Husky ranch... what a great experience.

I purchased this book as a used item. I was so excited when I received it and found that it was autographed by the author, Jeff King. It was such a bonus to an already great book.

I'm a sucker for dog stories and the Iditarod in particular. I have read several books and found that this one like the others had its own special charms. Jeff King was generous to his "rivals" in his descriptions of them. A warming book.
