## Customer Reviews

Up to date reference from Stoller to a more Enthusiastic Traveler, being a vital asset for key points of destinations, without being routine and generic. I felt satisfied with the depth of detail provided

and specific flavors of sidetrips and not to miss attractions, and significant historical must-sees...!

I love these travel guides, they are great for planning your trip to a certain country. Everything is very concise and to the point. You can find information quickly and the maps help you organize your route on a daily basis. The information about each location (opening, closing, telephone, cost) are very accurate.

DK has the best illustrated travel books and this one is no exception.

Nice and interesting guide.

This is a very good guide for a short term visit to Copenhagen. The info is more than enough and very well structured. I like the way Lonely Planet does it. Easy to follow and a very convenient size to take with you.

okay but I don't like the DK maps. way too hard to see

Outstanding information! Used it the entire time we were in Copenhagen

A great guide for our trip to Copenhagen. During the four days we were there, this guide never left our bag. A must buy if you are going to visit this great city.
