Gr 5Ãçâ ãâ œ7Ãçâ ãâ •Eleven-year-old Perry's home life is like that of most kids his age: morning ritual, school, dinner with his mom, and games with his extended family. Unlike other kids, however, Perry lives at the Blue River Co-Ed Correctional Facility, where he's stayed since birth with his

mother, Jessica. Nearing the end of her sentence, Jessica is up for parole, and she and Perry are eager to start a new life on the outside. Opposing Jessica's parole is the county's ambitious district attorney, Tom VanLeer, stepfather of Perry's best friend. VanLeer is outraged that a child was raised in a prison and demands that Perry live with the VanLeers while the case is sorted out. Perry knows he has traded a prison that feels like home for a home that feels like a prison. He resolves to reunite with his mother and have her appeal granted. Connor subtly conveys Perry's restrained anger over being torn from his Blue River family (for instance, the boy refers to objects in his foster home as "the VanLeer closet" or "a VanLeer towel"). Perry is a memorable protagonist whose unusual upbringing gives him an understanding of and faith in human nature that brings out the best in everyone around him. He's a perfect foil for the superficial morality of VanLeer, who is no match for Perry's integrity when the boy confronts the adult on his duplicity, declaring, "Your word is no good." Rich characterizations give the novel its big heart: Jessica, Big Ed, and the other Blue River inmates are nuanced, vivid characters whose stories of perseverance after tragedy embody the novel's themes of redemption, hope, and community. VERDICT This beautifully written work will send readers' spirits soaring. —Marybeth Kozikowski, Sachem Public Library, Holbrook, NY

This is one of those novels. — (Newbery Honor-winning author Gary D. Schmidt) —“Perry Cook is a character who steps off the page, wanders through your mind, and finds his way to your heart. — (Lynda Mullaly Hunt, New York Times bestselling author of Fish in a Tree) —“All

(Publishers Weekly (starred review) on Waiting for Normal)

I loved this book, from the first sentence to the last. Perry is the sort of character you can't help but root for, however it's the minor characters, the supporting cast, that completely enthralled me. There are many, and each is brought to life in such a natural way that you have no difficulty remembering them. Non-readers and readers alike will be drawn to All Rise for the Honorable Perry T. Cook--a story about a kid who grows up inside a prison is simply too fascinating to resist.

I love this book. A likable main character in a predicament. An unusual setting that could be intriguing to readers. Some twists and turns that help you connect to the protagonist and plot.

A story that challenges preconceived notions and intentions. Perry grows up inside a minimum security prison until it comes to the attention of a District attorney. All the adults in his life have his best intentions at heart, making decisions for him that are not necessarily the best. This is an area where many of our teens struggle, and often begin to see adults as human, who may not always have the answers and ability to fix all. Powerful in how many topics it addresses.

This is a heartwarming story. It makes me want to follow Perry for a few to see how he and his mom

do. Thanks so much for a delightful book.

My 12 year old son and I read this book together. He gives it a 15 out of 10, best book ever! We are now looking for our next Laura Conner book.

I love this newest novel by Leslie Connor. Not only has she created a world that most of us (happily) know nothing about--the world of an incarcerated mom parenting her son from prison--but she has done so without forcing us into sadness or despair. Perry, the 11-year-old protagonist, has always lived in the prison, and he sees the inmates and workers as his friends. When a new district attorney comes to town and "saves" Perry from prison life, we the readers know that this is actually a sad thing from the boy's point of view--but even then we watch as Perry triumphs with love and optimism. This book gives such a good message to kids who perhaps have a different sort of life from the typical child's life: it shows ways to thrive and be happy despite roadblocks and obstacles. Ms. Connor accomplishes all this with an ease of writing that never falls into sentimentality or saccharine writing. She gives us believable, lovable characters we root for at every step of the way. There are so many characters to love in this book. I have bought it for all my grandchildren--and can't wait to read it with them.

ENJOY THE BOOK, I DONATED THE BOOK TO A LIBRARY IN MEDFORD ,WI.

This was a fun read. The character doesn't always act his age, but I really enjoyed the story.
