Annie's Baby: The Diary Of Anonymous, A Pregnant Teenager

Synopsis

When Annie discovers she's pregnant by her boyfriend, she's devastated. She has never felt so alone. With no one she can talk to, she pours her heart out to her diary, confiding her feelings of panic, self-doubt, and the desperate hope that some day she can turn her life around. She decides she wants to keep her baby and dreams of loving and caring for this little person. But after the baby is born, it's in her diary that she faces the agonizing question: Can she really raise this child on her own?

Customer Reviews

Sparks (It Happened to Nancy) shares another slice of a troubled teen's life, this time focusing readers' attention on the topic of teen sex and pregnancy. The first, most excruciating entries in 14-year-old Annie's diary trace her victimization and impregnation by a manipulative and sadistic boyfriend. Completely obsessed with 16-year-old Danny ("He called me an 'Earth Angel.' And I think I'm going to commit myself completely to being just that for him, no matter what!"), Annie is less prepared than readers for the devastating fall she takes the day her home pregnancy test comes out pink. The remaining, more solution-oriented segments of the book convey Annie's arduous climb from rock-bottom ("I CANNOT BEAR TO FACE IT! I WILL NOT!") to a state in which she can confront her mistakes and plan for herself and her child. With the support of her exceptionally tolerant mother, patient teachers and a nonjudgmental therapist (supposedly Sparks), Annie changes from a self-deprecating romantic ("Could plain me possibly be good enough for awesome

him?") to a more level-headed realist, who learns, painfully, to put her baby's needs before her own. The book carries a strong anti-abortion sentiment and has an aura of soap opera as well. However, it provides a plethora of objective and valuable information about sex, pregnancy and birth control, and even includes a "What Is Love?" quiz to help girls assess their relationships. An appendix lists relevant statistics, crisis and information hotline numbers, and other useful resources. Tackling issues young adolescents are often reluctant to discuss with adults, this volume will likely find a place on the reference shelf. Ages 12-up. Copyright 1998 Reed Business Information, Inc.

Grade 6-10-A book that's sure to be as popular as *Go Ask Alice* (S & S, 1971), which was also edited by Sparks. Annie, 14, falls head over heels for handsome, wealthy 16-year-old Danny when he befriends her. She lies to her mother to go out with him and he takes her to drinking parties in his red convertible. Annie is soon totally dependent on him despite his frequent bad moods and erratic behavior. When he rapes her, he tells her that she led him on and made him lose control. She continues to love him even as he abuses her both physically and emotionally. Annie is heartbreaking in her trust and hope that Danny will turn back into the sweet, gentle boy she fell in love with only a few months earlier, and she becomes desperate when her period fails to come on schedule. Finally, she has to tell her mother and figure out what to do. The diary format is a surefire draw for teens and preteens. This book has the same errors in grammar and flow problems as *Alice*, but they lend realism to the narrative. Not as graphic as the earlier title, *Annie's Baby* displays a 14 year old's naiveté about sexuality and bodily functions. Buy multiple copies and prepare for the onslaught of requests. Susan R. Farber, Ardsley Public Library, NY Copyright 1998 Reed Business Information, Inc.

Great book I loved it

The book appeared a bit warped/water damage, but I was content to have it as it was one of my favs as a teen!

I felt so bad for Annie but also recognized a lot of my own experiences from my first real relationship. I have never been more glad that I waited until I was a fully grown adult to get married and have a child!

This book was recieved in a good amount of time and the condition on of the book was as expected,

a little wear but was a great price! Thank you!

Good

This book is ok.... Really would like some more inspirational stories!

It arrived EARLY. And in good shape for the price...Reading it now. Thanks.but the cover is different than the one you sent to me..

good book for teenagers.
