Customer Reviews

I remember the first time I read this book.....I was 14 and I had decided to devote my summer to reading every Lurlene McDaniel book written. Now at 28 I have read and reread this book a dozen times. Every time I am brought to tears by the love of Richard and Jenny, laugh at the antics of the four musketeers, and am amazed by the story of the mysterious JWC. The One Last Wish series is one of my favorites and to read about how the foundation came to be and who JWC was and how

she fits into the other stories. If you are a fan of Lurlene McDaniel like me then this is a must read.... If you are just finding this amazing author for the first time this is a must read. And when you finish this book make sure to read the rest of the series to see how JWC blesses the lives of others and how their stories end... Like Lurlene Mc Daniel saysWith every ending comes a new beginning.

Lurlene Mc Daniel has a great way about providing uplifting, thought- provoking, inspirational yet informational stories for teen readers. This one has a bit of a historical aspect as well...what was it like dealing with the horrors of childhood cancer 30 years ago? We've come a long way, but have further to go...and will through the grace of God.

The best one last wish book I have read! I love it so much! I cried like a baby so many times!

Lurlene Mcdaniel has written an extremely wonderful book called "One Last Wish". Themes of discovering the tragic story behind a struggle for survival against impossible odds. The novel is written in first person narrative style by a character named Jenny Crawford. Who is Jenny Crawford? A 16 year old girl who struggles for survival and understands the love and friendships that develop into a legacy of giving. Falling deeply in love, Jenny doesn't really tell Richard Holloway the way she really feels about him. Closer do they become after finding out that Jenny's life is completely destroyed with leukemia. Though towards the end of the story Jenny learned that suffering does not respect people and who they are. Knowing that she only had little time to live, Jenny made her grandmother promise to make sure she made out her will. She wanted to leave something meaningful behind. A special trust fund of one hundred thousand dollars, for other sick teenagers. Which she called it her "One Last Wish". As I read the story it made me feel all the pain Jenny had to go through, and even though she had leukemia Richard didn't care, and admired her with all his heart. Besides all the extreme characters, I really enjoyed reading this novel by Lurlene Mcdaniel. The imagery in this story gives you an exact picture in your mind, another good reason why I enjoyed reading this story. The story could have been better if the author would of let us know what Richard Holloway ended up doing in his life. After reading the pain Jenny had struggled with it was disappointing to read that she passed away. Reading this story makes you realize what's good in life, and the things you should appreciate. The narrator draws you into the world of Jenny Crawford, which is what a good novel is all about.

This book reveals the mystery behind JWC, the founder of the One last wish foundation. Even though I knew some things about this book already because I read She Died too Young first by mistake, it didn't spoil this book which is my favourite of all of Lurlene McDaniel's books. It was slightly different from her others because it was longer, which was good as it gave you more time to get into the story. It follows the story of Jenny and Richard, starting just before Jenny is diagnosed with leukemia. This book has a very sad ending, but you are made to see that there is still hope left in Jenny's legacy of One Last Wish and Jenny House. It has also made me look at the other books in the series in a different way, the letters seem to mean more, for example. I think this is a book that lots of different people could like and I definitely recommend it.
