Author and illustrator, public speaker and musician, Warren Hanson has his name some of the most beloved books in the country. He illustrated Tom Hegg's classic "A Cup of Christmas Tea," as well as four books about Peef, the colorful bear. He wrote and illustrated "The Next Place," one of the most cherished for those who grieve. Other books by Warren are "Older Love", "Kiki's Hats", "Reading With Dad", "Paw Prints in the Stars", "Today's Special", "Dear Me", and many more. On his business card, right under Warren Hanson's name, it says "illustrator, author, amateur." As an amateur, he goes back to the word's Latin root, which means "someone who does something purely for the love of doing it." Warren Hanson love what he does. And it shows. Warren lives with his wife Becky in Houston, Texas.

Nice story but I was hoping there would be journal room for writing and more places for pet pictures. It is a great book though and a nice keepsake for memories of your departed pet.

Very disappointed in this book. I thought it would be more interactive in prompts for writing about my cat. The poem relates more to the lost of a dog. So I'm returning it.

I lost my "bestest Kitty in the whole wide world" last year. My mom got her as a kitten and I wasn't so sure. By the morning her and I were best buds! For over 16yrs, my muffin and I went through a lot and she was always there to pick me right back up again. When she finally passed in Nov at Thanksgiving I lost my best friend. I saw this book at a bookstore on vacation and I just started crying. I knew I needed it because it said everything my heart my was feeling. That my Muffin didn't want me to be sad at her passing but to rejoice and know she still looks down on me from the stars. For anyone who has lost a beloved pet, your friend I highly recommend this book. It helps you document some of those special forever moments' you spent together.

Absolutely adorable book and a perfect gift for anyone who has lost a pup. I gave it to my boss who just had to put his heart dog to sleep and he couldn't even talk to me after I gave it to him as he was so emotional. I will buy this again for any friend who loses a furry child.

Very helpful to me when I had to say goodbye to my dog, my best friend and companion.

This book is wonderful and is helping me get through one of the hardest, saddest times in my life.. The poem in it is so sweet and touching. I love that it has pages for you to write your thoughts and put photos, I am so glad I purchased this and I will purchase it for friends that lose a beloved Furry child. Rest in Peace my little Quila....

I got this book a few months after my beloved dog Shania aka Buttercup passed away and this is a very touching book for anyone that has lost a beloved pet, whom many people like me and my Mom consider part of our family. We have a cat named Misty that was good friends with Shania/Buttercup (A tuxedo cat we adopted and our dog was part Jack Russel btw) and they got along just great, we could leave them alone in our apt. for hours on end when we had doctors appointments and sometimes they would chase/play with each other as well. Good times, good memories for us and this book is a short book but it is well written. beautiful illustrations and art, I dedicate this book to Shania/Buttercup and all of my animals/pets that have passed away, God Bless and peace be with all animals and grieving pet owners. Also, I dedicate this book to the memory of St. Francis as well, the patron St. of all animals and thanks go to our wonderful and caring Vets and

staff at The Breman Animal Hospital in Tinley Park, IL.

My favorite book for give as a gift on the death of one so dear.
