Ari Marcopoulos: Not Yet

Synopsis

The definitive monograph of Ari Marcopoulos, the renowned photographer whose explicit and startling visual intimacy bridges art and street photography. For nearly four decades, Ari Marcopoulos has broken conventions with his candid and raw style. His photographs documenting subcultures such as skateboarding, snowboarding, and hip-hop; his tendencies to photograph stark landscapes, portraits of artists, and celebrities; and his extremely quiet and intimate photos of his family and friends have all been hugely influential in helping to establish the visual rawness of youth culture, as well as the ephemeral aesthetic of contemporary photography. *Ari Marcopoulos: Not Yet* is an unprecedented journey through the artist's celebrated career, from skateboarding and snowboarding to rural landscapes and cityscapes. This volume includes both iconic and never-before-published photographs from the 1980s to now. Each chapter is edited by a different celebrated artist or family member—all close to Marcopoulos—and it is through these personal reflections on the artist's work that this monograph takes on a deeper level of intimacy, drawing a more complete portrait of his oeuvre.

"Some of Not Yet's images are windows into a New York of another era." *i-D*

Magazine" Dubbed Not Yet, the tome takes a look back at Marcopoulos's four-plus decades of raw, convention-breaking work and documents everything from skateboarding, snowboarding,

and hip-hop to celebrities, artistic portraits and stark landscapes

alike." [HYPEBEAST.COM](#)"The joy of Not Yet is that it feels like a map of the

artist's mind, taking along journeys into foreign and familiar worlds." [Crave](#)

Online" "Not Yet is an expansive collection of his work, over 300 pages full of both iconic and never before published photographs, with the book being organized in an intimate way.

Marcopoulos enlists some of his closest friends and family to curate chapters of his book, 'I wanted a point of view on my work to come from someone other than myself'| invited friends and

peers of mine to select images, curating individuals chapters as if they were making a zine of my

work like the ones I've been doing for decades'." [Musee Magazine](#) "What ties

[the photos] together is the Dutch artist's skewed take on the world: 'I photograph abstract things,' he says in the book's Q&A, 'but I also abstract the things I

photograph.'" [Jack Crager, American Photo](#)
