Customer Reviews

The starch of a well pressed shirt, the oiled hair and hint of aftershave, the flash of the pinky ring, and the declarative gaze of the woman who dares to embody such a statement. Pathologized as Inverts, criminalized as cross dressers, and categorized as perverts, our butch heroines not only survived, but were poets, pilots, speed boat racers. They were proudly butch as women, sometimes passed as men, and all the while endured scrupulous societal gaze. Beautiful, handsome, and ever charming, these 1920s-1940s Butches await your celebration, your admiration, and, of course, your color schemes. -Sasha T Goldberg

This coloring book is better than I expected! It has a great variety of different butch women from throughout history and the bios in the back are awesome! It is a well put together collection of fun and sexy images. I can't wait until the next one! I heard a rumor that there will be a 40's - 70's sequel coming out. I can't wait. I am definitely going to buy this and the next one for all my Queer

lady friends for the holidays!

This coloring book is much more than just a coloring book. It's an important reminder of the sheer bravery of butches to be who they are against overwhelming odds. It's a brilliant collaboration of artists with a variety of styles, and it works. In addition to well-drawn images to color, you will find within its covers a thoughtful introduction, carefully researched scholarship and biographies, and questions for further discussion. Buy one for yourself, and one to give away to a butch, or to a butch ally/admirer.

Why not add some queer history to your coloring book experience? Two solid editors provide a great way to relax while showing you support the fact that we've always been around, and that queerness isn't new? Plus, you can totally make them punk butch lesbians and no one can stop you!

What a unique coloring book! Nice to see an under-represented genre burgeoning!

A surprising and original ode to underrepresented heroes of the past. Why aren't there more books like this? I loved it!

A wonderful collection of line art in various styles, depicting dapper lesbians of the 1920s-1940s. Make photocopies to share or color directly into the book!

Awesome coloring book, with short bios in the back.
