Customer Reviews

ITMB is a leading publisher of travel maps including many country, regional and city maps on Australia and Oceania.

Very useful and compact map for French Polynesia. Our guides on several islands had never seen it (guess it is pricy for them) and wanted one. The maps they had were not that good. If we had extra maps with us we would have handed them out. As it was we needed our copy right up to the last day which was a drive about Tahiti looking at major flood damaged areas. Highly recommended for those who are traveling to the Tuamotus and other more remote areas in French Polynesia.

When I received this map, I thought it would be your typical two-sided map, but only one. The paper it is printed on is not very heavy, and I put a small tear in it the first time I opened it....oh, well, they just don't make 'em like they used to!

This purchase was actually for my mother-in-law.

It ripped the first time I unfolded it - and no, it was not unfolded roughly. I think it was a old product that had degraded.

cruising French Polynesia this fall will be more exciting now that we can see exactly where we are going! thanks

very,very limited excluded most islands
