# The Frightful First World War: AND Woeful Second World War (Horrible Histories Collections)

## Synopsis

This work allows the reader to find out why sniffing your own urine could save your life in the World War I, how wearing white underpants could kill you in the World War II, and how a pair of old socks gave away top secrets.

## Customer Reviews

My son loves these books. Wish I could buy them all locally in the US. Thanks to our friends on the other side of the pond for sending this delightful copy our way.

I am so pleased that we received this book, one in a series, that my eldest son started collecting while we resided in Great Britain. It is a surprise for him and one he really hoped to get for his birthday but couldn't due to the mailing strike. I was delighted to find it at and I thank everyone involved for shipping it expeditiously. It's value is greater than the cost of the book and shipping. Thank you!

Guys & girls love these books. Gets the teachers laughing at the funny thing your kid can add to a class discussion.

My son loved this book! Great presentation of informational text.

My almost 11 year old son-LOVES this series! These are the books he asked for Xmas this year

and hasn't put them down yet! Lots of great history details.

I'm very relieved that Mr. Deary wrote so many of these wonderful books because my nine year old son just loves them. All of the Horrible History series books make him laugh and my son learns so much about history. He probably knows more about history than I do now. We highly recommend them.

Great book!! Thank you!!

My son (10 yrs) loves it. No need to say more...
