Synopsis

The fourth book in the CAHILLS VS. VESPER series, the follow up to the worldwide bestseller THE 39 CLUES. After pulling some spectacular heists, Amy and Dan have become two of Interpol's most wanted criminals. So when Vesper One orders them to steal the world's largest diamond, they know they're facing life in prison . . . or worse. But with the Cahill hostages still in peril, Amy and Dan have no choice but to launch a mission that leads them to an ancient city full of dangerous secrets. With a Vesper mole sabotaging the Madrigals from inside, Amy and Dan have to fulfill their enemy's request before it's too late. Let me put this into five paragraphs:1. The plot was... less of a 39 Clues book, per se. The ending, without spoiling it, was shocking and awe-inspiring.2. Amy and Dan, more Dan himself, steps up 1000% and the fight for their lives vs the Vespers. more so over, the fact that Vesper One even told them to go after the Jubilee even though they are on thin ice from Book One, is too much of an immediate threat from the police.3. A family friend of theirs dies horribly (I won't tell you who.) And Vesper Three is revealed. I enjoyed how Jake and Evan stepped up in this book in particular to help the two teenage Cahill criminals.4. Really jaw-dropping in ways that you will be thoroughly enjoyed by.5. Finally, the key word in this book is: "And Then There Were Four." Which you have to read to find out what I mean by that.OBR (Overall Book Rating) 5/5 Stars

I am reading it aloud to a 11 year old. It is something I do even though he can read himself of course. I am enjoying it as much as he is. Exciting, has historical facts about art work etc as well as they travel all over the world getting artifacts, paintings etc for a "bad guy" named Vesper one, who is holding people they care about hostage.. His older brother listens in and enjoys it as well. So far all the Cahills vs Vespers books we have read have been a good read. I recommend them.

This is a wonderful book that shows how important family ties are in our world.The main characters are very resourceful in how they are able to solve their mystery put before them by the Vespers.This is one book I started and couldn't put down until I finished it. If you are a person who likes adventure, travel and a story about family ties this is the one for you. I can't wait to see what happens in the next book in the series.I have recommended both of the series to my students and they enjoy them as well.

This book is AWESOME!!!!!!!!!!!!! I recommend this book to those who are looking for adventure
but I will put an age limit on it for several reasons

Very good book and it continue to impress me .I will finish this series of books because it's one of
my best one's.

When I bought this book on the Kindle, I was very excited. The last book was purely amazing, and I
wanted to read what was next! Anyway, this book went way below my expectations. Roland Smith
shouldn't write another 39 clues book again...The plot was really good I have to say- the action,
mystery. And don't forget the romance! Amy's romantic life gets a little tense! But, there wasn't
enough to keep you on the edge of the seat. There wasn't the "what's happening?" feeling.

I love this series! It blows my mind that this wonderful group of authors can seamlessly weave their
stories together without losing any of the original qualities. I wasn't going to start reading them, but
several of my students convinced me that I should, and now I am more hooked than they are on the
series! I'm always anxious to see what new adventure Dan and Amy are on and just how dastardly
the Vespers can be! Can't wait for the next one!
