The To Z Guide To Raising Happy, Confident Kids

Synopsis

Parents no longer have time to read long books about the theories of parenting. What they want are quick pieces of advice geared to their busy lifestyles and immediate needs. Dr. Jenn comes to the rescue with this fun yet useful book that offers 26 short chapters on everything from pets to being a sports parent to healthy relationships to food to keeping your marriage as much fun as it was before the children arrived. Designed to be browsed or picked up from time to time for specific help, the book provides insight and guidance for any parent but focuses on those with toddlers to third grade. Upbeat, lively, and humorous, this book answers parents'™ most frequent questions about how to raise a healthy, well-adjusted child. Because every chapter is only a few pages long and can stand on its own, busy parents can read what they need when they need it.

Easy-to-read chapters . . . provide gentle, practical advice that any family can incorporate into daily life. -- ForeWord Magazine

"Entertaining and inspiring, this book belongs in the home of every parent -- and grandparent!" -- Nathaniel Branden, PhD, author of *The Six Pillars of Self-Esteem* "Insightful, informative advice . . . Sure to become a classic, it should be on every parent's bookshelf." -- from the foreword by Donna Corwin, author of *The Tween Years* "As a pediatrician and mom, I wish I could make this book required reading for all parents and caregivers. It is the perfect tool to help busy parents overcome the daily challenges of parenting." -- Dr. Tanya Remer Altmann, pediatrician and editor of *The*

Wonder Years "Filled with wisdom and deep insight into modern parenting. . . . Dr. Jenn's book is a true gift to parents." -- Elyse Resch, nutrition therapist and coauthor of Intuitive Eating "Every parent should read this book! Dr. Jenn has produced a well-researched and informative book that parents will actually enjoy reading. The A to Z Guide to Raising Happy, Confident Kids is filled with tons of helpful tips that parents can use." -- Jill Spivack and Jennifer Waldburger, authors of The Sleepeasy Solution

As a mother of a 6 year old son and 3 year old daughter I found this book has a wealth of helpful information. I like the way that the author presents both pro's and con's of different options so that you can make up your own mind as to what is good for you and your kids/family.

This book is great. I have 6 kids and this book was a great assist in helping us parent.

Good advise.

this book is good, it gives you good inside on certain subjects, i agreed with most of whats written, and helped me view some smaller things differently.

great! short, succinct chapters make this easy to read and easy to find what you're looking for.

It's made up of little short excerpts lacking a unifying theme, with many chapters that don't pertain to our family.

This book is great. As an active and involved father, I am eager to do what is best for my baby but since this is my first child, I don't really know what I am doing half the time (and I question that what I am doing the other half is actually going to make my son better-off in any way). By default, I end up trying to replicate how my and my wife's parents raised us and piece it together with the knowledge I have gleaned over the years by watching others. That has not been enough. Recently I went out and bought a bunch of parenting books to help fill in the gaps. The general books seemed to be written for mothers and I found them to be largely unhelpful. The books written for dads dealt a little too much with how I felt, instead of how to help my child. This book is written in short chapters that deal with specific and relevant issues in practical, easy to understand ways. It poses important questions and then actually answers them with helpful tips that I found to be very easy to apply to my

child-rearing techniques.

I listen to Dr. Jenn on the radio as I drive. Her book contains excellent advice. It is full of good sense that is given with a caring attitude. I continue to learn from her wisdom. Anyone will learn more from reading her book.
