Picture That: Knights & Castles

Synopsis

The popular Picture That! series features fine-art reproductions to explore history! These books are favorites of art and history lovers alike. High quality art reproductions with sidebars and historical info and spotlights on details of paintings are used to impart information in an engaging and browsable format. This book is as at home on a coffee table as it is on a library shelf.

Book Information

Age Range: 8 and up

Series: Picture That

Hardcover: 64 pages

Publisher: Cooper Square Publishing Llc (October 1, 2004)

Language: English

ISBN-10: 1587284413

ISBN-13: 978-1587284410

Product Dimensions: 9.8 x 0.5 x 11.7 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #2,088,018 in Books (See Top 100 in Books) #79 in [Books > Children's Books > Education & Reference > History > Renaissance](#) #301 in [Books > Children's Books > Education & Reference > History > Medieval](#) #977 in [Books > Literature & Fiction > History & Criticism > Movements & Periods > Renaissance](#)

Customer Reviews

Reviewed with Ellen Galford's *The Trail West*. Gr. 5-8. For years, scholars have examined old paintings seeking to learn more about historical times and places. These books from the Picture That series invite students to do the same, using pictures that represent late medieval life in Europe and nineteenth-century western expansion in the U.S. With a spacious format and excellent reproduction of art, the books introduce the paintings and talk about what they reveal before zooming in on distinctive details, which are enlarged and discussed in captions. In *Knights*, the first double-page spread of the section "On the Battlefield" discusses Paolo Uccello's painting *The Battle of San Romano*; the second spread focuses on small sections of the painting illustrating fifteenth-century armor, the crossbow, the mace, the battle horse, and hand-to-hand fighting. In *The Trail West*, the section called "A Sacred Festival" presents Kiowa artist Silver Horn's *The Camp Circle--Measuring the Pole*, followed by a spread explaining five details from the picture.

Appendixes include a glossary, a time line, and lists of books and Internet sites. Recommended particularly for visual learners. Carolyn Phelan Copyright © American Library Association. All rights reserved

Alex Martin is a prolific writer of both fiction and nonfiction works. His adult novel *The General Interruptor* won the Betty Trask Prize in 1988, and he has written several children's novels including *Zeus Perkins*, *Time Traveller* (Hodder, 1998). He has selected and edited various fiction collections, including *Modern Plays and Modern Novels* (Prentice Hall/Phoenix 1995). His nonfiction books include *Greece* (Simple Guides, 1995) and *Daily Life in the Holy Land at the Time of Jesus* (Reader's Digest 1995).

The title of this book, *Knights and Castles*, is a little bit misleading, for the contents of the book cover so much more than merely that. The author does write about what it meant to be a knight and live in a castle, but he also covers many aspects of life in Middle Ages Europe (such as life on a farm, games children played, banquets and jousts) in a way that is interesting and easily accessible to young people. *Knights and Castles* is one of the "Picture That!" series by Two-Can Press. I love the idea behind this series: the books are illustrated not with modern artist's drawings or photographs of artifacts, but with actual art from the time period. In this case the book is filled with beautiful, detailed paintings from throughout the Middle Ages. Each painting offers fascinating glimpses into another time if attention is paid to the details within. Books on the Middle Ages abound for young readers, but this one is one of the best. Even as an adult I enjoyed reading it (and looking at the pictures!) immensely. Highly recommended.

I used this book as an introduction to the middle ages for our 7.5 year old homeschooled daughter. She couldn't get enough of poring over the real art images and descriptions. Making art relevant to children helps make it accessible to them. Seeing images from history created "in the moment" (give or take) makes the art come alive and presents history in an entirely new light. It also encourages children to look at other works of art more critically, to ask questions about it (rather than passively view it) and consider what art can tell us about history. This was our first look at this series, but my daughter has requested more. I highly recommend this book!
