Shipping Weight: 5.6 ounces

Average Customer Review: 3.7 out of 5 stars 15 customer reviews

Best Sellers Rank: #309,396 in Books (See Top 100 in Books) #29 in Books > Travel > United States > Arizona > Grand Canyon #283 in Books > Science & Math > Earth Sciences > Rivers #7188 in Books > Science & Math > Nature & Ecology

Customer Reviews

waterproof book grand canyon river guide.

The map is great of the Grand Canyon. This is a older version but in great condition. A newer one has more color. It would be nice if descriptions for this book would include the date of publication. 4 of us took a trip this summer and bought this book to mark our route. Of these books there are 3 different publishing dates.

Very useful before the raft trip - helped me decide what type of raft trip to take, over which half segment (Lee's Ferry to Phantom Ranch best) - and continued to be useful during the raft trip (actually know what looking at and heads up before something of interest passed). Definately need waterproof copy if take on raft trip.

I did not realized it was not the latest edition with full color was a little Misleading

I have a few books "maps" that I bring on Grand Canyon river trips and this is one of them. It is a good option and can definitely be helpful.

This was the perfect map to take on a river rafting trip down the Grand Canyon. It had a map of every mile of the canyon, with locations of the rapids, side canyons, points of interest, and essays on the history, the lives of canyon characters, the regional anthropology, the plant and animal life, the geology, and a guide to photography. Very appropriately the guide is sturdy and waterproof.

Probably the best of many guides for running the Colorado, and living in the Canyon for a week. Should be sold with a waterproof pen/pencil for journal notes, and an attached tiny zip-loc pouch for storing digital photo memory cards.

good

I'm a very satisfied customer. Very well written, comprehensive and easy to read. I'd definitely recommend this for those who are interested in the Grand Canyon.
