Customer Reviews

I ordered this book, and it arrived today. But it is a book of only Piano accompaniments...no separate book with just the solo parts. The small print for the solo instrument is so small that it is obnoxious. Either I am still lacking something here, and perhaps the description in the catalog is wrong. The catalog description and on the back of this book: 'Flute 103: Daily warmup major and minor scale studies continuation of technical studies, etc Solos and duets Preludes to develop musicianship More work on trills with a fingering chart In other words, there is another Flute 103 book in addition to the Flute 103 that I received. I do not need this book. This book has a catalog number of 414-41211, and the one I desire is the Flute 103 with catalog number 414-41210

Warning: This is the piano accompaniment ONLY. The flute part is sold separately. Bad marketing!

I use them for my students. Lovely repertoire, variety of exercises for the contemporary flutist, including extended techniques! Very detailed, giving a well-rounded scope of how to become a fine flutist.

Great book.
