A doctor at a busy London surgery has written this eye-opening collection of stories about the people and situations he encounters every day. Customer Reviews

Excellent book, The diversity of patients and their needs and opinions is so real. I advise that GP Trainees will benefit from it. I sincerely hope he writes another one to continue the realities, as realities never stop. Some of the situations are hilarious. Good luck Dr Moss - from Dr Sed

It was alright, a little too much self-congratulatory and repetitive.

Super book. This Doctor is such a knowledgeable man. Shows such empathy to his patients with real eye-opening situations. Looking forward to a second book.. Martina
