NOT MANY RECIPES, I WAS DISAPPOINTED.

Great recipes brings back memories of my childhood. Browning is a condiment like ketchup it gives the meat a beautiful brown color and it is sold in most major grocery stores.

love this xmas recipe book

the book is great, if you enjoy trying different types of recipe, then you will enjoy this book, and the recipes was easy to follow.

Can wait to try them

Great cook book.

I was so excited when I saw this book because I really love to make all kinds of different recipes and not the same old things all the time. And then I didn't even get past the first recipe and it says to add 'browning'. Now I'm an experienced cook but I've never heard of that. I also noticed that this 'browning's stuff was an ingredient in not just one but several of the recipes. Now I know this book was free when I bought it but it's just disappointing when I was so looking to make something different. If they redo the book and tell us what the ingredients are or what their substitution would be I would give it a better rating
