I purchased this after using a copy while in Tanzania. Our fantastic guides on our Safari referred to this quite a bit. I ordered one for myself and another traveler. Great information!

Our driver had this guide during our travels in Tanzania. It was a reliable reference to identify plants, animals and birds and to get the spelling correct.

If you are going or planning a trip to go to the Serengeti this is a must have resource.

This book has it all! So many colored pictures, lots of descriptions, maps, history, everything you need to know! The pictures and descriptions of the plants, birds and animals makes this book great! Everything else is a wonderful bonus! I haven't yet put the book to the test but when I return I will

add another review!
