## Customer Reviews

I have did the last chapter bottle to have 20 billions dollars , after i did that i felt a lot of energy and my intuition give me a big idea to start a new kind of business i can do it easily without any difficulties , i will start this little business very soon but everything seem to fit very easily after i have did the bottle , thank you very much it is a wonderful book very easy , i have just change a little bit the spell adding my name and birth date and a photo of myself with my name behind and my birth date to empower the work. Like always this kind of bottle is very easy to make and very powerfull i have use other bottles from S rob book too with a very good result the book was " Aladdin's lamp book of bottle magick" , i've got very good result with this book too , if you are interested with bottle magic this book can be very useful , a bottle working for your magic automaticly just for you without doing the effort to cast the spell.

I am a working man, so my opportunities to become very rich are very few, being really optimistic.

So, I've decided to give this weird book a try - anyway, the NO we get for free! I'm still working towards the book's end, and have done only part of it's magick, but after a week I've won a Lottery prize big enough to pay my 25-years loan of my house in one single time - and I was still owing 21 years of the ammount... close to US\$250k! I won't get rich, yes, but payng my house and get free of debt forever is something beyound being wealthy! And I guess it is important to be thankfull when good things happen, and so I am, very much indeed! Hence, I'm working with the other magick of this lovely book to become rich... anyway, we all deserve to live a good life!
