## Customer Reviews

Founded in 1947, Hal Leonard LLC has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I love this book. Lots of fun campfire/classic rock songs. Only the lyrics and chord are listed on the pages so you do need to know how the song goes and what note to start on. But I'm familiar with most of the them so it isn't a problem. And this style does allow for more songs in a thinner book. It will be going on our campouts this year.

This book is ok. I was hoping for more recognizable songs because you need to know the tune in order to song along. If I would have known what songs where on it, I likely would not have bought

this book just because I don't know the majority of the songs. I will now look up the songs I don't know to figure out the tune. I'll post photos of the back of the book so you can see the song list.

Has some great songs that everyone can have fun joining in on also every easy to play.

Perfect for a new ukulele player. All I needed was words and chord names. Love it and I will use it. The Hal Leonard books are all good.

The book just contains lyrics and chords. A simple staff with the melody would improve this book greatly at least to give the guitarist a chance to know what the melody is for the unfamiliar songs as well as give you a starting note/pitch. I bought another campfire book that did this and it's much more effective in not only getting you playing the songs already know but learn the ones you don't.

For those of us who like to sit around a campfire and sing, this book has some wonderful songs. Guitar chords are included.

A really good collection of songs in easy to play and sing. Reminds me of child hood campfires with family. I fell in love with these songs and guitars singing along at campfires.

Can't explain it. I just like campfire songs, and this book covers a lot of them. We've had a lot of fun with this book and out campfires.
